## **Executive Summary**

Through April 30, 2016, City finances are trending in correlation with their functions and with the FY2016 revised budget. The city's budget is adopted and then revised as needed throughout the year by the City Council. The City employs a variety of fund types and accounting methods as regulated by the Governmental Accounting Standards Board (GASB). Presentation of monthly financials is presented on the budgetary method or on a cash basis modified for short term receivables and payables. The City's financials are audited after the close of each fiscal year therefore these financials are unaudited.

### Background:

The City budgets for over 30 funds and is tracking transactions for \$186.3 M. Analysis for the monthly report compares year to date activity to annualized trend, and adopted or revised budget with explanations provided for key differences. Monthly activity is presented by fund and therefore an understanding of the city fund structure may be helpful.

Substantial review is given to the City's General Fund which houses over 50% of total financial operations or \$94.5M and accounts for all major taxes. The City employs capital funds which account for capital projects unrelated to enterprise funds. These funds are the Capital Improvement Fund, State Motor Fuel Tax Fund, and the Capital Lease Fund. Capital projects are listed with actual costs to date behind each fund summary. Capital projects for enterprise funds are seen within each fund as required by GASB. The City has six enterprise funds: Water, Sanitary Sewer, Storm Water, Solid Waste, Golf and U.S. Cellular Coliseum. The City accounts for all of its insurance obligations in self-insurance funds for workers compensation, general liability, and employee /retiree health care where actual costs of claims and settlements are paid. Revenue to pay insurance claims comes from contributions from each city operation based on their own claims experience. The City accounts for five conduit funds as required by law, where revenues are levied and collected by the City but turned over to the appropriate trustees for management (Board of Elections, JM Scott Trust, Library and Police and Fire pension funds). Finance continues to have monthly

*\*Annualized trend is calculated by the dividing the number of months to date in the fiscal year over twelve months. For example, April is the twelfth month of the fiscal year or 12/12 or 100%.*

financial review meetings with each department providing an opportunity to discuss any variance from budgets, upcoming procurements and capital projects.

**\*Please note that this is a preliminary April 2016 financial report since there are still revenues that have not been received and year end expenditures that are still being backdated into April.**

## **General Fund**

The General Fund houses many operations that are seasonal in nature such as recreational activities, and snow & ice budgets. These activities would not be expected to correlate to an annualized trend. Other revenues will not trend on an annualized basis such as property taxes which are almost 100% collected early in the fiscal year and therefore will remain ahead of trend.

Although there are varying operations in the General Fund, overall expenditures remains slightly under trend with 93.6% of its budget expended. While overall revenues are trending further ahead at 94.6% collected. Departmental expenditures running ahead of trend are legal, recreation, police and fire pensions and general fund transfers. Transfers to the police and fire pension funds correlate with property tax collections and are made early in the fiscal year. As expected, recreation expenditures are running ahead. Also, the City's share of the government center lease and maintenance costs are forwarded to the County early in the year.

Of the 94.6% of General Fund revenues collected, tax revenues make up \$75.5M and are approximately 98.2% collected. Property tax, the largest tax amount budgeted which makes up \$16.9M in the General Fund is 100% collected. State sales tax, making up another \$13.4M, is trending 2.0% higher than this time last year. If this trend continues until year end, the City would receive \$700K less than its highest year of state sales tax earnings. Home rules sales tax is trending 9.4% higher than this time last year due to the 1.0% increase that took effect on January 1, 2016. There is 1 month of revenue to still be received and recorded for State & Home Rule Sales Tax for FY 2016.

Income tax revenue is an unexpected 11.2% higher than this time last year. The City receives its share of income taxes that are filed April 15<sup>th</sup> of each year. Corporate income tax law changes eliminating deductions for net operating losses expired on December 31<sup>st</sup>, 2014, resulting in higher tax payments in April 2015. This is not expected to repeat in the new fiscal year. The City receives a formula based share of the income tax revenue and therefore, does not receive detailed information on individuals or corporate tax returns. Based on the lack of available data, the City relies heavily on the Illinois Municipal League (IML) to outline the impacts of new tax legislation. One month of revenue is still to be received and recorded for Income Tax in FY 2016.

*\*Annualized trend is calculated by the dividing the number of months to date in the fiscal year over twelve months. For example, April is the twelfth month of the fiscal year or 12/12 or 100%.*

Increased revenue was budgeted for new taxes undergoing their first full year of collections. The Local Motor Fuel tax is earmarked for street resurfacing and could end the year with \$2.5M in total revenue slightly ahead of budget. Utility taxes increased to fund police and fire pensions are trending low as of March 31<sup>st</sup>, as commodities, utility revenues will not correlate with annualized trend. Consumption for electric and natural gas are down due to warm weather. Finance anticipates utility taxes coming in under budget and continues to monitor consumption monthly. Amusement tax is running ahead of budget. Both Utility and Utility Taxes have an additional month of revenue to be received and recorded for FY 2016.

Although there is positive activity through April, many revenues are sensitive to economic turns and therefore, it is not always feasible to rely on future revenue projections. The City could have significant exposure to the state's unresolved budget crisis. The Governor's proposed budget cut to the City is approximately \$3.7M. In addition, the City continues to monitor the effect of the Mitsubishi Plant closing on the local economy.

#### Bloomington Center for Performing Arts (BCPA), Miller Park Zoo, and Pepsi Ice Center

Currently residing in the general fund the BCPA, Miller Park Zoo, and the Pepsi Ice Center are unique entertainment venues. A separate Profit and Loss summary sheet is presented within this report to depict activity, similar to that of the U. S. Cellular Coliseum.

### **Capital Funds**

#### Capital Improvement Fund (CIF):

CIF accounts for capital projects unassociated with enterprise funds. Only three capital projects were adopted in the FY16 budget. \$2.0M in street resurfacing, \$400K in ADA sidewalk compliance related to the street resurfacing program, and the Debrazza Monkey exhibit at the Zoo for \$588K. Street resurfacing and ADA sidewalks contracts were awarded in late FY2015 and are \$1.9M expended. The Debrazza Monkey exhibit grant has been put on hold by the State of Illinois.

#### Capital Lease Fund:

Capital Lease funds account for the City's rolling stock of vehicles and equipment and some facilities repairs all of which are budgeted to be financed through the capital lease program. The City expends the funds to purchase vehicles and equipment or make repairs and then draws down loan proceeds to reimburse the fund. Deficit balances seen in the capital lease fund are due to timing differences in purchases and

*\*Annualized trend is calculated by the dividing the number of months to date in the fiscal year over twelve months. For example, April is the twelfth month of the fiscal year or 12/12 or 100%.*

reimbursements. \$4.7M of the \$6.1M in capital lease funds for equipment, vehicles and small capital projects has been expended and/or encumbered to date.

#### State Motor Fuel Tax Fund (SMFT):

State Motor Fuel Taxes are utilized for design and construction of new roads, safety improvements to existing roads, and installation of traffic signals. SMFT is not used for street resurfacing where the City has dedicated revenue. The construction season is spring through fall - several projects are on hold until spring 2016. It is anticipated that these projects will be carried over into the FY17 budget.

### **Self-Insured Funds**

*\*\*Contributions to self-insured funds attempt to cover annual claim expenses however timing of claims paid do not correspond to monthly contributions made and therefore monthly data is not always a good indicator of year end.*

#### Retiree/Employee Health:

These funds are combined to show total healthcare needs and related funding. Retiree and Employee Health fund revenues are trending as slightly lower at 96.8% and expenditures at 90.6% which correlates with claim activity. The City tracks healthcare for retirees in its own fund for accounting purposes to monitor costs of this unfunded mandate. Deficits in the Retiree Health Fund will be resolved with a transfer from the Employee Health fund or the General Fund.

#### Casualty Fund:

Accounting for both workers compensation and general liability claims, revenues slight higher than trend with annualization at 102.4% received. Expenses are 107% expended which is based on timing of settlements and claim activity. There has been a slight increase in liability claims.

*\*Annualized trend is calculated by the dividing the number of months to date in the fiscal year over twelve months. For example, April is the twelfth month of the fiscal year or 12/12 or 100%.*

## **Enterprise Funds**

### Water Fund:

Water fund expenditures are slightly under trend at 69.3% relating to capital projects and professional services contracts initially on hold during the transition of a new water director. Revenues 94.7% collected through April 30th are as expected.

### Sewer and Storm Water Funds:

Both the Sewer and Storm Water funds have been under review for some time. An extensive master plan revealed infrastructure needs of \$134M. Accordingly, the City underwent a sewer and storm water rate study taking into account capital needs. A recommendation to adjust rates to fund capital and ongoing operations is forthcoming. Funds for sewer and storm water are a critical component of the streets resurfacing program. Sewer fund expenditures are running below trend at 93.6% due to delays in capital related expenditure accounts. Storm Water expenditures are trending at 102.5% through April 2016. Due to a low fund balance in Storm Water, there were no capital projects budgeted this year. Revenues are 93.3% and 95% collected.

### Solid Waste Fund:

Solid Waste revenues running on trend at 99.5% and expenditures below trend at 90.6%. Although the bulk waste program was reduced and may create \$300K in savings in its labor related accounts; the City experienced a significant ice storm in the end of December that created extensive excess brush. In January, the City paid approximately \$55K for brush disposal which is much higher than past January payments. Salaries also increased by about \$17K for employees not assigned to Solid Waste.

### Golf Fund:

The Golf Fund encompasses the operations of three golf courses. Through April 30th results for the three operations are positive \$44K. The Golf fund began the year with a deficit of \$46K in fund balance. Currently, Prairie Vista and The Den at Fox Creek Golf Course has a positive operating balance of \$39.5K and 19.5K. Highland Golf Course has an operating loss of \$15.3K to date.

*\*Annualized trend is calculated by the dividing the number of months to date in the fiscal year over twelve months. For example, April is the twelfth month of the fiscal year or 12/12 or 100%.*

<sup>1</sup> - Represents the Audited budgetary fund balances which includes reserves for carryforward encumbrances.

<sup>2</sup> - Includes current year budgeted expenditures.

<sup>3</sup> - Includes current year encumbrances or obligated funds.

<sup>4</sup> - Negative fund balance is due to the timing issues related to grant/lease proceed reimbursements or operating transfers.

<sup>5</sup> - A transfer was approved by City Council on April 11, 2016 to address Golf Fund Balance.

Additional invoices have been received which moved the fund balance back to a negative position.

<sup>6</sup> - The C.I.A.M. & VenuWorks activity for March and April 2016 are still being reconciled and are not included in the revenue and expenditures for the U.S. Cellular Coliseum Fund.

Video Gaming	\$ 504,901	\$ 715,540	\$ 210,639	\$ 69,393	\$ 632,892
Auto Rental Tax	\$ 88,900	\$ 84,131	\$ (4,769)	\$ 95,881	\$ 66,308

Note: Percent increase or decrease over prior year is annualized to see what could occur if current trend continues until year end. This is also compared to both highest and lowest year of earnings as a benchmark. Since most revenues are sensitive to economic turns annualization is not always a good indicator of future revenues.

## Local Tax Collection Report for April 2016

*Prepared Food & Beverage Tax - 2%*

*Packaged Liquor Tax – 4%*

*Hotel/Motel Tax – 6%*

*Motor Fuel Tax – 4 cents per gallon*

*Amusement Tax – 4%*

### Overview

Businesses that are subject to local taxes file tax forms with the Finance department each month for the previous month's tax collections. Local taxes are charged in addition to business revenue and do not directly affect the business' bottom line. Therefore, each business acts as conduit for City's local tax collections. The Finance department requires corroboration with each tax filing (where applicable) as part of our continuous audit approach. For example, Food & Beverage tax filings require a copy of State tax form ST-1 and Hotel/Motel tax filings require a copy of the State tax form RMH – 1 allowing us to note inconsistencies in addition to infer outcomes from the State's auditing procedures.

Local tax filers who pay late or miscalculate their taxes receive a bill from the City applying penalties and interest as outlined in the City's municipal code.

For the month of April these filers owed the City a total of \$16,677.77, broken out as follows:

1. Food & Beverage - \$8,720.94
2. Packaged Liquor - \$74.46
3. Hotel/Motel - \$7,619.66
4. Motor Fuel Tax – \$21.54
5. Amusement Tax - \$241.17

Non-filers or businesses who don't file or pay their local taxes; are subject to the following procedures: a letter is sent requesting that a form is filed and payment made with all applicable penalties and interest, the following month a final demand letter is sent, in month three the non-filer's delinquency is turned over to the legal department where a court date is established. Below is the summary of non-filer activity for December. (A complete listing of April non-filers and their estimated delinquent tax payments are included on the next page).

Total Delinquent Tax for Non-Filers by Category: (Amounts are estimates based on past reporting; and do not include penalties and interest.

1. Food & Beverage - \$66,832 or 1.67% of a total estimated amount due (\$4,001,486).
2. Packaged Liquor – \$403 or 0.04% of total estimated amount due (\$1,057,445).
3. Hotel/Motel - \$208,549 or 12.58% of total estimated amount due (\$1,657,856).
4. Motor Fuel Tax – \$738 or 0.03% of total estimated amount due (\$2,297,199).
5. Amusement Tax – \$0 or 0% of total estimated amount due (\$1,057,062).

*Please note: The majority of this total relates to one property. The Chateau - A lien has been filed for the full amount and a settlement plan has been approved.*

March returns due  
in April 2016
