AN ORDINANCE SUSPENDING PORTIONS OF SECTION 701 OF CHAPTER 31 AND SECTION 26(d) OF CHAPTER 6 OF THE CITY CODE FOR A WEDDING RECEPTION AT MILLER PARK PAVILION ON MARCH 25, 2017

The following was presented:

Item 7I. Consideration of adopting a Resolution waiving the bidding requirements, and approving the purchase of five (5) portable beverage carts for the U.S. Cellular Coliseum. ***This item was pulled from the agenda for further Council discussion.***

Alderman Lower stated concerns of the City continuing to add to bottom line expenses of the Coliseum. The citizens are continually having to pick up these costs. Alderman Lower wanted clarification as to why Venue Works was not supplying the carts as part of their contract.

Mr. Hales stated that Venue Works is the Manager of the Coliseum. It is not a general practice for Managers of these arenas and Coliseums to be investing in fixed assets unless the owner of the facility incorporates that asset and reimbursement for the fixed asset costs into their overall compensation formula.

Curtis Webb; Executive Director of Venue Works, discussed the value of these carts. There are two concessions that serve and create congestion, making it hard for traffic to flow through. These carts are meant to create space and give flexibility to move around into any configuration needed. These carts would be placed on the concourse, arena and suite levels. They create a life-safety piece by allowing traffic to flow through the concourse faster and easier. From a service standpoint, it increases service levels.

Alderman Lower asked whether the City was aware of these expenses that have arisen when contract was signed.

Mr. Webb stated his company knew there would be future costs after looking at the layout, but cannot speak for the city.

Alderman Lower asked whether the city would have to invest in more of these future expenses and what the expenses would be. He requested that a list of those expenses be provided to Council.

Mr. Webb stated there will be future investing. He could not mention specific investments at this time, but Venue Works would figure out what those investments will be.

Mr. Hales stated that many of these improvements, to the Coliseum, would be presented within the Five Year Capital Improvement Plan.

Alderman Black stated that easier access to beverages is an investment for the City to make more money; thus allowing revenue to be regained over time.

Motion by Alderman Black, seconded by Alderman Buragas, that a Resolution waiving the bidding requirements to approve the purchase of five (5) portable beverage carts from Iowa Rotocast Plastics, Inc. in the amount of \$72,810.00, be approved, the City

Manager authorized to execute any necessary documents to effectuate the purchase, and the Mayor and City Clerk be authorized to execute the Resolution.

Mayor Pro-Tem Schmidt directed the Clerk to call the roll which resulted in the following:

Ayes: Aldermen Lower, Sage, Mwilambwe, Buragas, Painter, Schmidt, Black, Hauman and Fruin.

Nays: None.

Motion carried.

The following was presented:

Item 7R. Consideration of the application of Extravaganza Ballroom, Inc., d/b/a Extravaganza Ballroom, located at 113 E. Monroe, requesting an EAS liquor license which would allow the sale of all types of alcohol by the glass for consumption on the premises seven (7) days a week or subject to the conditions set forth in the Recommendation/Motion. ***This item was pulled from the agenda for further Council discussion.***

Alderman Lower asked whether this item was reviewed solely by Mayor Renner or if it was reviewed by all members of the Liquor Commission.

Alderman Black stated, that in the minutes provided, it was mentioned clearly of two hearings where the full Liquor Commission reviewed and discussed this item.

Alderman Lower stated concerns for parking, who the principal of the business was; is it a 19 year old minor or is there someone that can legally serve alcohol and be responsible, and the occupancy level. He stated this business would be in an area where there are no other like-businesses in the area. The City would be exposing the business district to a different atmosphere.

Mr. Boyle addressed the principal issue by stating the 19 year old man was the translator and spokesperson for the business. He does not appear as an owner on the application. The business is owned by his father; Julio Costanato and another partner by the name of Zachary Scogins. Mr. Boyle stated there were two public hearings on this item; one on July 12, 2016 and the other on August 9, 2016. At the July 12, 2016 Hearing all three members of the Liquor Commission were present. At the August 9, 2016 meeting, the Mayor had a scheduling conflict and left the Hearing early. The control of the meeting was left with Commissioner Jordan. Both Liquor Commissioners voted for Council to approve a license with the four conditions that are listed in the motion.

Mr. Hales stated that excerpts from the Downtown Master Plan were included with this item to show that this drinking establishment is not within the two recommended areas proposed for drinking establishments within the Plan.

Alderman Mwilambwe asked whether the Liquor Commission was aware of this location information during the Hearing.

Mr. Boyle stated he did not recall this information being discussed at either of the two Liquor Commission meetings and it is not cited in the minutes.

Alderman Hauman expressed concerns of proper parking and of the occupancy level.

Alderman Black cited minutes from the Liquor Commission meeting which revealed this establishment has shown, on multiple occasions, they are willing to work with the City and change things that have been requested. He stated this is a business the City should want to work with as they have shown their willingness to make proper changes.

Alderman Buragas stated, if the establishment was located in a different area, the decision to approve would be much easier. Bringing a new type of business to the Downtown area could be a huge asset. Council has seen what happens when these decisions go wrong. Alderman Buragas suggested to Council, that if the motion to approve fails, that Council send this item back to the Liquor Commissioner to get additional information and to give the applicants every possible chance to provide information needed.

Alderman Fruin stated, The Police Department has struggled to keep track of occupancy levels and regulating conditions of each establishment. He suggested sending the item back to the Liquor Commissioner for further review.

Mr. Boyle stated the next Liquor Commission is on the November 8, 2016.

Motion by Alderman Hauman , seconded by Alderman Black, that From two of the Commissioners serving at the time that the application of Extravaganza Ballroom, Inc., d/b/a Extravaganza Ballroom, located at 113 E. Monroe, requesting an EAS liquor license which would allow the sale of all types of alcohol by the glass for consumption on the premises seven (7) days a week, be approved contingent upon: 1. that alcohol sales cease at 12:00 a.m. (Midnight); 2. that the establishment shall close at 1:00 a.m.; 3. that the establishment will be open only Friday through Sunday; 4. that the maximum occupancy allowed in the establishment shall be the lesser of 200 persons or the occupancy load determined by the Fire Inspector. Note the Liquor Commissioner has not made a recommendation on this item.

Mayor Pro-Tem Schmidt directed the Clerk to call the roll which resulted in the following:

Ayes: Aldermen Black.

Nays: Alderman Lower, Sage, Mwilambwe, Buragas, Painter, Schmidt, Hauman, and Fruin.

Motion failed.

Motion by Alderman Lower, seconded by Alderman Buragas, that this item be sent back to the Liquor Commission for a second consideration on specification of location in regards to the Downtown Master Plan, concerns for parking, concerns of experience of who will be running the business and their age, and to put something in writing that states this business will not rent out to the public, will not bring bands in if they are not renting the building through contract for a private party, and it will not be a public venue for entertainment and alcohol.

Mayor Pro-Tem Schmidt directed the Clerk to call the roll which resulted in the following:

Ayes: Aldermen Lower, Sage, Mwilambwe, Buragas, Painter, Black, and Fruin.

Nays: Mayor Pro-Tem Schmidt and Hauman.

Motion carried.

Public Hearing

The following was presented:

Item 8A. Public Hearing for the Downtown-Southwest Redevelopment Project Area

- (a) Public Hearing Downtown-Southwest Redevelopment Project Area
 - (i) Open Public Hearing
 - (ii) Staff Overview (*Presentation by Austin Grammer, Economic Development Coordinator 5 minutes*)
 - (iii) *Public Comment*
 - (iv) Close Public Hearing

Mayor Pro tem Schmidt stated this Public Hearing was the next step in putting a TIF together for this project to move forward.

Mr. Grammer cited a timeline of events bringing us up to date with tonight's Public Hearing. On May 9, 2016 Council approved an Ordinance for PGAV to conduct a Feasibility Study and draft a Redevelopment Plan for the study area. On August 22, 2016 Council approved an Ordinance setting a time and place for the required Public Hearing and establishing a date for the meeting of the Joint Review Board (JRB). The Joint Review Board was held on September 8,

2016 and all taxing districts present voted in favor of the City Council to create a TIF district in this particular area. The JRB reviewed the Redevelopment Plan and Mr. Grammer presented a report of that review. Fourteen days from today's date would be the earliest date for Council to adopt the three ordinances that would create the TIF district.

As outlined in the Redevelopment Plan, the TIF district is in cohesion with the adopted City of Bloomington Comprehensive Plan. The Comprehensive Plan stated that this Downtown area be a mixed use TIF district. PGAV has thoroughly analyzed these properties and determined they are eligible for inclusion in a TIF district. PGAV determined that a portion of this TIF area also meets the requirements for a "Blighted Area."

Mayor Pro-Tem Schmidt opened the Hearing to receive Public Comment. The following individuals provided comments during the Hearing.

 - (iii) *Public Comment*
 - (iv) Close Public Hearing

Mr. Karch stated he would be presenting the Public Hearing process and then recommending that Council approve the Vacation of Main Street between Front and Olive. Due to this project dealing with the expansion of the Law and Justice Center of McLean County, staff felt it was best if John Bishop; project manager from the Farnsworth Group, to speak to Council on this item.

Mr. Bishop stated they are currently in design for the expansion of the Law and Justice Center. It is intended to take the location of the municipal parking lot, east of the Law and Justice Center. He presented the initial architectural renderings as approved through the County. The building will be three stories tall with two mezzanine levels and a pent house on the roof. This building will be used primarily as a housing unit for the Law and Justice Center with service areas included. There will be one point of access for public entrance.

Mr. Hales asked for clarification of the height under the connecting walkway and if pedestrians would be able to walk underneath.

Mr. Bishop stated there would be an ornamental fence around this area and no access for pedestrians to walk underneath. There would be approximately 9 feet vertical height underneath.

Mayor Pro-Tem Schmidt asked for an approximate timetable for this project.

Mr. Bishop stated the current schedule is to have the project out for bid in late January or early February. Bids are awarded in early March and then construction begins late March or early April.

Item 9B. Consideration of approving a Professional Services Contract with Shive-Hattery, Inc. for Professional Architectural, Environmental and Land Surveying Services for Police Indoor Training Facility Improvements, (RFQ 2016-04).

Mr. Hales stated that this particular contract came before Council back in March of 2016. This is the only project being considered under this Contract for an addition to the Police Training Facility. There were concerns raised about what future funding goals would be. The City of Bloomington is the owner and manager of this building.

Kenneth Bays; Assistant Chief of Police, provided a brief history of the Police training facility. He stated key issues within the facility and why they exist. He stated that it is imperative that law enforcement officers receive the most comprehensive training available. A dedicated training facility is necessary to provide the most effective training. Routine minimum training is

no longer adequate. A dedicated training facility allows for training to be consistent with current day to day needs.

Alderman Sage asked Assistant Chief Bays if the need for the HVAC system was to prevent mold issues that have occurred in buildings in the past.

Assistant Chief Bays stated, preventing mold and deterioration was the main reason for the HVAC system needs.

Alderman Black stated it is imperative to manage our buildings appropriately to keep them up to date with resources.
