**PUBLIC COMMENT:** There being no public comments the Commission moved on to approval of the minutes.

**MINUTES:** The Commission reviewed the January 11, 2016 minutes. No changes were proposed and Mr. Boyd moved to approve the minutes as written; Mr. Scritchlow seconded the motion, which was passed by a voice vote of 8-0.

**REGULAR AGENDA:**

**Z-03-17 Public Hearing, review and action on a resolution to adopt the Official 2016 Zoning Map for the City of Bloomington.**

Chairman Stanczak introduced the case. Ms. Simpson presented staff's report and summarized the purpose for the hearing, noting adoption of an official zoning map is a mandate in both local ordinance and state law. She stated the period under consideration is January 1, 2016 through December 31, 2016, adding that there was a recent map amendment in 2017 which is not shown on the official map which goes only to the end of 2016. She added that that change will be placed on next year's map approval. She presented a map and highlighted the map amendments and changes through calendar year 2016. She recommended approval the proposed official zoning map.

Mr. Pearson asked for a clarification of the S-4 zoning overlay; Ms. Simpson explained the overlay and how it retains the base residential zoning.

Chairman Stanczak opened the hearing and asked for comments. No one spoke in favor or against.

Mr. Protzman motioned to approve the revised and update zoning map as presented; seconded by Ms. Headean. The following votes were cast: Mr. Protzman—yes, Ms. Headean—yes, Mr. Scritchlow—yes, Mr. Pearson—yes, Mr. Boyd—yes, Mr. Penn—yes, Ms. Chlebek—yes, Chairman Stanczak—yes. Motion **approved** 8-0.

**OLD BUSINESS:**

**Zoning Ordinance Update.** Ms. Simpson stated that the consultant met with staff in January with a number of questions about the ordinance, the comprehensive plan and the downtown strategy. She expects them to appear before Plan Commission in March. Chairman Stanczak expressed concern that the consultant would return with excessive information for a single meeting. Mr. Dabareiner stated that the current ordinance has many places requiring clarification and this has taken more time. He added that the consultant is behind schedule as a result and they still intend on return to Commission and discuss changes and approaches section by section. Mr. Pearson asked for clarification on some of the inconsistencies found in the ordinance; Mr. Dabareiner highlighted an example where in a certain business district the side yard setback can be either zero feet or five feet, but a zero foot setback impacts the neighboring property's ability to develop.

**NEW BUSINESS**

Chairman Stanczak asked Ms. Chelbek to introduce herself. She described her interest in the Plan Commission and her background.

**ADJOURNMENT:** Mr. Boyd moved to adjourn; seconded by Mr. Scritchlow, which passed unanimously by voice vote. The meeting was adjourned at 4:19 pm.

Respectfully,

Tom Dabareiner AICP

**PROJECT DESCRIPTION**

*Background:* 720 and 724 W. Washington Street are located on the southeast corner of the intersection between W. Washington Street and N. Allin Street. The properties are zoned R-2, Mixed Residential and C-2, Neighborhood Shopping District. Washington Street is considered a major arterial road leading into the City’s downtown center. Two commercial nodes exist along Washington Street, one at the intersection of Washington Street and Morris Ave and the other at the intersection of Washington Street and Allin Street. Three of the four corners at Washington Street and Allin Street are improved with mixed use buildings and zoned C-2, Neighborhood Shopping Districts. The Comprehensive Plan identifies this neighborhood as the Regeneration Area. The Plan strongly encourages the preservation of the commercial mixed-use style of development, the promotion of walkable neighborhoods, and the importance of enhancing the Washington Street corridors.

*Project Description:*

The petitioner, West Bloomington Revitalization Project (WBRP) is a 501c3 dedicated to improving the quality of life and achieving a vision for a better community by encouraging neighbor collaboration and empowering residents to become local leaders. The WBRP recently purchased the building and lot at 724 and 720 W. Washington. They intend to relocate their services from WBRP’s existing location at 801 W. Washington Street to the subject property. The subject property is a mixed use building with commercial space located on the lower level and an apartment on the second story. The petitioner plans to use the commercial space as a community space that will offer a variety of programs to neighboring residents including the tool library, the home restoration project, a bicycle co-op, the book bike, and vegetable gleaning program. The site will also provide office and meeting space for the nonprofit and a community garden area. Additionally, the petitioner intends to rent out the upstairs apartment.

The current zoning designations of C-2 and R-2 do not allow for the mixed residential and commercial uses contemplated in the Comprehensive Plan. While C-2 allows for a variety of commercial uses, such as a community center, it lacks the residential component and creates a barrier for mixed use development. Under C-2, a second story apartment could exist only if it is occupied by a caretaker or watchman for the business located below. The B-2, General Business Service District, which is established at the corner of Washington Street and Morris Ave, allows for a similar variety of commercial uses as well as the residential component. The proposed B-2 zoning encourages mixed uses and is intended to serve along the fringes of residential districts.

- A, Z-05-17 724 W. Washington Street  
 B, Z-06-17 720 W. Washington Street

Chapter 44 of the City Code allows City Council to initiate the rezoning of properties within the corporate limits of the City of Bloomington (44.13-2B). For consistency and to encourage the mixed-use vision of the Comprehensive Plan, staff is also encouraging the Planning Commission to recommend that the City Council initiate a rezoning of the northwest and southwest corners of the intersection..This would include rezoning the following properties:

Address	Legal Description	PIN	Current Zoning	Proposed Zoning
204 N. Allin St.	PRICES ADD N50' LOT 4 BLK 2	21-05-429-033	C-2	B-2

803 W. Washington St.	PRICES ADD N28' S65' LOT 4 BLK 2	21-05-429-034	C-2	B-2
800 & 802 W. Washington St.	PRICES ADD (EX ST) LOT 1 BLK 3	21-05-433-014	C-2	B-2
804 W. Washington St.	PRICES ADD (EX W33.5') LOT 2 BLK 3	21-05-433-013	C-2	B-2
806 W. Washington St.	PRICS ADD VAC ALEY S OF & ADJ & W33.5' LOT 2 BLK 3	21-05-433-012	R-2	B-2

The WBRP initiated the rezoning of 720 and 724 W. Washington Street (**Cases Z-05-17 and Z-06-17**). A resolution should be passed by City Council to initiate the rezoning process for the remaining corners of Washington Street and Allin Street (**Z-07-17**). A separate public hearing with the Planning Commission would be held to discuss the rezoning of the aforementioned properties. City staff have called property owners of the above mentioned properties and mailed notices to property owners within 500 ft of the corner of Washington Street and Allin Street explaining the proposed rezoning.

*Link to Comprehensive Plan:*

In addition to providing affordable, safe, quality housing options for residents Chapter 4 of the Comprehensive Plan identifies Goal N-1 **Ensuring compact development of the City through denser, mixed-use developments and reinvestment in the established older neighborhoods.**

*The proposed rezoning aligns with the following objectives:*

- N-1.2b Continue to implement the WBRP strategic plan adopted in 2010
- N-1.2e Identify areas for commercial mixed-use developments to enhance the character of the existing neighborhoods.
- N-1.2g Enhance key corridors into the City such as Washington Street
- N-1.2j Promote the usage of the Tool Library.
- N-1.2k Develop an expansion plan of the Tool Library recognizing the need for more hours as well as possible expanding locations.

## **FINDINGS OF FACT**

The Zoning Ordinance provides “*Zoning Map Amendment Guidelines*” and states, “*In making its legislative determination to zone or rezone property to a B-2 General Business Service District zoning classification, the Planning Commission and City Council may apply the following guidelines to the proposal under consideration:*”

1. *The relationship of the subject property to the City’s transportation systems and the impact the permitted uses would have upon these systems. Traffic congestion and safety are of primary concern although B-2 zoning near areas of high pedestrian activity further complicates these problems; the subject property is located at an intersection of a major arterial road. The transportation system is sufficient to accommodate the uses permitted in the B-2 district. B-2 allows for a variety of uses ranging from specialty shops, libraries, and grocery stores, which complement the surrounding neighborhood, to wholesale storage and truck stops, which are more intense and less compatible with residential. The more intense uses permitted in the B-2 district will be limited at this location due to the smaller parcel sizes, building codes and parking requirements. Each corner of this intersection would have an area designated as B-2 that is less than a third of an acre. The standard is met.*
2. *The potential impact the uses authorized in the district would have upon any existing or permitted uses in the surrounding area including the introduction of through truck and automobile traffic into a residential neighborhood; the proposed uses in the B-2 district are more compatible with the surrounding uses because they allow for residential uses. The current zoning does not allow for residential. The types of commercial developments which could occur in this area are limited by the parcel size and building codes/parking requirements and are similar to those that currently exist. No significant impact in truck traffic is expected since commercial developments with heavy truck traffic would require larger lots. The standard is met.*
3. *The extent to which the permitted use contributes to an undesirable pattern of strip commercial development including the resultant numerous curb cuts and piecemeal development on small, residential sized lots; the intention of the rezoning is to better accommodate the residential element of the mixed-use vision. New curb cuts would probably not be allowed since the subject properties are located close to an intersection. Most businesses located in the subject area currently gain access from allies behind the properties. The standard is met.*
4. *The extent to which surrounding zoning and land usage provides a transition from the more intense business use to lower intensity uses and districts; the Comprehensive Plan encourages mixed-use developments along commercial corridors. This intersection is considered a commercial corridor and less intense commercial developments will add to the quality of life in the area by increasing access to services and possibly facilitating employment. The residential component allowed in the B-2 district will also provide safe, attractive, diverse housing options for Westside residents. Under the current zoning, the*

B, Z-06-17 720 W. Washington Street  
C, Z-07-17 NW and SW corners of Washington Street and Allin Street

second story apartments could not be rented to anyone other than a caretaker of the business. The standard is met.

5. *The capacity of existing and proposed community facilities and utilities including water and sewer systems to serve the permitted uses which lawfully occur on the property so zoned;* the properties are currently zoned for commercial uses. The proposed change in zoning is minimal in that many of the uses allowed in the current zoning are allowed in the proposed zoning. The utilities and facilities are adequate for both the proposed commercial and the proposed residential. The standard is met.
6. *The impact the permitted uses would have upon the environment including noise, air, and water pollution;* the property is currently zoned for commercial uses, the change in impact should be minimal. The feasibility of accommodating more intense uses, which would have a larger impact on the environment, in this area is limited by the size of the area being rezoned. The standard is met.
7. *The impact any natural disasters, including flooding, would have upon the permitted uses;* No impact is expected, new developments will be required to comply with city's detention and storm water management standards. The standard is met.
8. *The conformance of the proposal to the Official Comprehensive Plan and Official Map (Ordinance No. 2006-137).* The Comprehensive Plan recognizes the importance of expanding the WBRP Tool Library and the other services WBRP provides. The Plan also established a vision of mixed use developments in the Regeneration Neighborhood. The standard is met.

The current zoning designation C-2, Neighborhood Shopping District, encourages commercial uses but prohibits the residential uses that currently exist. The proposed zoning change to B-2, General Business Service District would allow for similar commercial uses and also enables the current residential uses to remain. Essentially, this change in zoning will preserve the existing residential uses and the character of the neighborhood.

**Subject: Proposed zoning change for properties located at the corner of Allin Street and W. Washington Street.**

Dear property owner:

We are writing to inform you that the City of Bloomington would like to initiate a zoning change for the following properties:

Address	Current Zoning	Proposed Zoning
204 N. Allin Street	C-2	B-2
801 W. Washington Street	C-2	B-2
803 W. Washington Street	C-2	B-2
800 and 802 W. Washington Street	C-2	B-2
804 W. Washington Street	C-2	B-2
806 W. Washington Street	R-2	B-2
724 W. Washington Street	C-2	B-2
720 W. Washington Street	R-2	B-2

The current zoning designation for your property is C-2, Neighborhood Shopping District. This classification encourages commercial uses but prohibits the residential uses that currently exist. The proposed zoning change to B-2, General Business Service District would allow for similar commercial uses and also enables the current residential uses to remain. Essentially, this change in zoning will preserve the existing residential uses and the character of the neighborhood.

We are sending you this notice because you own property that would be affected by this proposed zoning change. Attached to this notice are a map of the area to be rezoned, a list of permitted uses for the C-2, Neighborhood Shopping District as well as a list of uses in the proposed B-2, General Business Service District.

**A public hearing for the proposed zoning changes will be held by the City of Bloomington Planning Commission on Wednesday March 22, 2017 at the City of Bloomington City Council Chambers, 109 E. Olive Street, at 4:00 pm.** In compliance with the Americans with Disabilities Act and other applicable federal and state laws, the hearing will be accessible to individuals with disabilities. Persons requiring auxiliary aids and services should contact the City Clerk at (309) 434-2240, preferably no later than five days before the hearing. Please note that cases are sometimes continued or postponed for various reasons (i.e lack of quorum, additional time needed, etc.). The date and circumstance of the continued or postponed hearing will be announced at the regularly scheduled meeting. The agenda and packet for the hearing will be available prior to the hearing on the City of Bloomington website at [www.cityblm.org](http://www.cityblm.org).

If you have additional questions or for further information, please contact the City of Bloomington Community Development Department at (309) 434-2226. If you have questions or would like more information regarding the rezoning impact on assessed values and taxes please contact the Bloomington Township Tax Assessor's Office at 828-6016.

Respectfully,
