May Executive Summary

The City's overall finances are in good condition for the month of May. This report discusses the City's largest operations including capital projects. The fiscal year 2018 budget is \$214.1M. Commentary on revenue and expense activity can been see throughout the report on major funds with special emphasis on the General Fund. Commentary focuses on variances from annualized trend which is 8 percent or 1/12 of the fiscal year.

General Fund

The City's General Fund includes nearly 50 percent of the City's total financial operations or \$105.3M, and accounts for all taxes.

The General Fund houses many operations that are seasonal in nature such as recreational activities and snow & ice budgets. These activities would not be expected to correlate to an annualized trend however overall salary and benefits should be on trend making up over 50 percent of the budget. Sales tax revenues are not received from State until four months after consumers spend therefore revenue is normally on the decline through the first quarter. Similarly Property Tax the City's largest tax is billed twice per year (June and September) will not show in May's report. Total revenues collected to date are 5.8 percent or \$6M of the \$105M revenue budget. Expenditures are below trend at 5.9 percent leaving the General Fund in a positive cash flow position.

While reviewing City financials it is important to keep in mind that activities which are recreational, entertainment oriented, or are based on citizen or consumer behavior will not always correlate with annualized trend.

Enterprise Funds

With the exception of the Sewer Fund, enterprise funds end the month with positive activity. The Sewer fund is slightly ahead of Expense trend due to the timing of their debt service payments.

Enterprise Fund Summary Current Activity Through May 31, 2017

| Fund | Year | to Date Actual |
|--------------------|------|----------------|
| Water | \$ | 169,645 |
| Sewer | \$ | (151,059) |
| Storm Water | \$ | 16,324 |
| Solid Waste | \$ | 185,966 |
| Golf | \$ | 95,876 |
| Arena | \$ | 47,517 |
| Net Activity Total | \$ | 364,269 |

Capital

Most capital projects and capital equipment purchases are in the initial phases of design or bidding as expected. Little activity is anticipated through the first quarter.

While reviewing City financials it is important to keep in mind that activities which are recreational, entertainment oriented, or are based on citizen or consumer behavior will not always correlate with annualized trend.

| | Ending Fund Balance \$ | 14.817.057 | |

Commentary: Overall, General Fund revenues are trending below annualization as most taxes are paid in arrears, and taxes make up 81% of all revenues. Property and replacement tax are collected in the first part of the fiscal year and are currently at 20.2% compared to budget. Intergovernmental revenues are below trend as numerous grants have not been received yet. Building permits, included in Charges for Services, are up due to construction season.

Expenditures are trending below annualization. Other intergovernmental expenditures do not include the first pension payment to be made in June. Contractuals are below trend by 5% as most are related to professional services that take longer to go through the procurement process. Commodities are slightly below trend primarily from favorable fuel prices.

Note: Capital projects/improvements related to the General Fund are accounted for in the Capital Improvement fund and can be seen on page 10. A capital equipment & vehicle status listing can be seen on page 11. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

The BCPA Profit and Loss statement below excludes bond debt service expense of \$1.0M and Home Rule Sales Tax revenue of \$1.7M.

| 79 Other Expenditures | \$ | 14,875 | \$ | 14,875 | \$ | 35 | \$ 14,840 | 0.2% |
| TOTAL EXPENDITURES | \$ | 2,639,860 | \$ | 2,639,860 | \$ | 78,213 | \$ 2,561,647 | 3.0% |

Commentary: Note: The BCPA's business is slower in the summer months. Charges for services represent facility rentals, program income, admission fees and concession revenues which are below annualization at 2.5%. Misc Revenue accounts for donations and contributions but the majority is for "in kind" donations which are booked at the end of the year and would not track with annualization.

Salaries and benefits are below trend due to several vacancies. Contractuals and commodities, like revenue, will also increase after the summer

Note: The BCPA is a unique entertainment venue therefore profit and loss activity will not trend with annualization. BCPA Capital projects/improvements are accounted for in the Capital Improvement Fund.

The BCPA Profit and Loss statement below includes bond debt service expense of \$1.0M and Home Rule Sales Tax revenue of \$1.7M

|--|-------------|
| | |

Commentary: As expected, the Zoo's charges for services are 9.4% ahead of trend. Expenditures are slightly above trend except for commodities which are primarily related to gift shop purchases, animal food and supplies for various programs.

Note: The Zoo's financial activity correlates to seasonal weather rather than annualized trend. Charges for services include zoo admission and programs, building rentals and gift shop sales. Miscellaneous revenues constitute zoo donations.

City of Bloomington - FY 2018 Pepsi Ice Center Profit and Loss Statement Through May 31, 2017

Annualized Trend is 8%

| | | | | | | | Revised Budget | % of Revised Budget |

Notes for variances about or below 10%.

As seen above, in the # of Months Collected column, many revenues are not received until one to two months later including major revenues such as Home Rule & State Sales Tax.

⁽¹⁾ Ambulance fees more than doubled compared to last fiscal year . Ambulance fees started off very slowly last fiscal year and picked up towards the end.

⁽²⁾ Franchise Tax came in 37% below the prior fiscal year but is trending right on budget.

⁽³⁾ Building permits are ahead of last year by 76% and ahead of budget by 50% which is a positive trend in construction. There were 14 single family dwelling permits and 5 for downtown that contributed to this increase.

Commentary: Design and construction of capital projects totaling \$8.6M is budgeted for FY 2018. Fox Creek Bridge and Road Improvements should be bid in the summer of 2018 and construction started by fall. Construction of Hamilton Road Phase II is being deferred until FY 2019 when state funding may become available. The revenue will not be received until June for May.

Note: Motor Fuel Tax is a state tax on purchased gasoline in Illinois. These funds are restricted and can only be used for the construction service costs and maintenance of municipal streets, sidewalks, traffic signs, street safety or associated engineering. Monthly payments are received from Illinois Department of Transportation which total approximately \$1.8M per year. \$1.5M is budgeted for IL Commerce Commission reimbursement for the Fox Creek Road and bridge project = \$3.3M total budget.

See detail on capital projects on the page immediately following this statement. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

Commentary: Use of Fund Balance, i.e. water fund savings, of \$5.9M was budgeted to pay for capital projects. Fund savings has been accumulating for some time to provide funding for large capital projects. Since revenues in fund savings, seen under Use of Fund Balance, have already been collected, there is no current year activity. Water fees seen in charges for services are based on consumption and are slightly below trend. Licenses are 15% ahead of budget due to boat licenses. Investment Income has not been recorded for May.

Contractuals are behind annualization as they correlate primarily to capital projects which are just in the beginning phases. Commodities are lower than trend due to inventory already on-hand.

Note: Any line item showing zero percent of Budget Used will skew the total Category trend. See detail on capital projects and equipment on the pages immediately following this statement. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

|--|----------------------------|-----------------|----------------|
| Current Activity - favorable/(unfavorable) | | \$ (151,059) | |
| | Ending Fund Balance | \$ 1,493,553 | |

Commentary: Charges for services are slightly below annualization and miscellaneous revenues are 19.8% over annualization due to owner contributions from commercial developments.

Salary and benefits will not trend with annualization as laborers perform work as needed in the Sewer, Storm Water and Street maintenance divisions. Contractuals are below trend as they correlate primarily with capital projects which are in the beginning phases. Commodities are lower due to raw material billings for concrete, asphalt, rock, etc. that lag by one month. Principal and Interest expense get paid bi-annually. Other expenditures have Contribution to Fund Balance budgeted of \$146K that skews annualization.

Note: See detail on capital projects and equipment on the pages immediately following this statement. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

|--|----------------------------|---------------|----------------|
| Current Activity - favorable/(unfavorable) | | \$ 16,324 | |
| | Ending Fund Balance | \$ 335,192 | |

Commentary: Storm Water fund savings of \$419K was budgeted to pay for operations and one capital project. Since revenues in the Use of Fund Balance have already been collected, there is no current year activity. Storm Water fees are a combination of flat rates per square foot and/or units of impervious area which are charged monthly and are on trend. Miscellaneous revenues stem from owner contributions that have not occurred yet this fiscal year.

Salary and benefits will not trend with annualization as laborers shift between the Sewer, Storm Water and Street maintenance divisions. Contractuals are below trend in numerous areas including no invoices paid yet for disposal fees, engineering, professional and technical services and vehicle maintenance. Commodities are lower due to raw material billings for concrete, asphalt, rock, etc. that are lagging by one month and on-hand inventory of manhole components.

Note: Capital equipment can be seen on the page immediately following this statement. No Capital Projects are budgeted for FY 2018. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

|---|-------------------------------|---------------|----------------|
| Current Activity - favorable/(unfavorable) | | \$ 185,966 | |
| | Ending Fund Balance | \$ 971,316 | • |

Commentary: Solid Waste fund savings of \$401K was budgeted to pay for operations. Since revenues in fund balance have already been collected, there is no current year activity. Charges for Solid Waste services include flat monthly fees based on cart size and bucket fees for bulk waste which are slightly above trend.

Salary and benefits will not trend with annualization as laborers perform work as needed in the Sewer, Storm Water and Street maintenance divisions. Contractuals are behind trend due to temporary staff not beginning until leaf season, no leaf or grass disposal fees yet and the education program will not be paid until later in the fiscal year. Commodities are down as no toters or other supplies have been ordered yet. Transfers in from the General Fund relate to the bulk waste and brush collection programs.

Note: See details on capital equipment on the page immediately following this statement.

| | Ending Fund Balance \$ | 831,559 | • |

Commentary: FY 2018 is starting out to be a good year for golf due to favorable weather conditions. Charges for services are above annualization by 2%. Miscellaneous revenues which include food sales are almost on trend at 7%. Contractuals are lower than annualization but do not include the purchase order for chemicals for the year. Two capital projects will not begin until after the busy summer season.

Note: This fund accounts for 3 City golf courses: Highland Park, Prairie Vista and the Den at Fox Creek. See details on capital projects and equipment on the pages immediately following this statement. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.

Commentary: The Arena fund shows activity for the operation of the Grossinger Motors Arena which includes two divisions, one managed by the City and one by VenuWorks, a third party manager. Tax revenue seen above is solely sales tax revenue earmarked for the bond debt service payments seen in expenditures under transfers out. Charges for services revenue includes event ticket sales. Misc. revenue includes concessions, merchandise and other. Transfers in represents revenue received from the General Fund.

The Arena is a unique entertainment venue therefore profit and loss activity will not trend with annualization. Salary expenses includes event staff. Contractual expense includes building maintenance and repairs and talent expenses that trend with the timing of events and repairs while managements fees are monthly.

Note: An increase of .25% in the Home Rule Sales Tax was approved by the City Council on February 11, 2008 to provide funds for debt service payments for the Arena with the remainder left to build City reserves and infrastructure. See details on capital projects after the VenuWorks page. Only Funded (Budgeted) capital projects appear on the Revenue and Expenditures statement.
