**MINUTES
BLOOMINGTON PLANNING COMMISSION
REGULAR MEETING
WEDNESDAY, NOVEMBER 8, 2017 4:00 P.M.
COUNCIL CHAMBERS, CITY HALL
109 EAST OLIVE STREET
BLOOMINGTON, ILLINOIS**

MEMBERS PRESENT: Mr. J. Balmer, Mr. David Stanczak, Mr. James Pearson, Mr. Kevin Suess, Mr. John Protzman, Mr. Eric Penn, Mr. Mark Muehleck, Chairman Justin Boyd

MEMBERS ABSENT: Ms. Megan Headean

OTHERS PRESENT: Mr. George Boyle, City Attorney; Ms. Katie Simpson, City Planner; Ms. Izzy Rivera, Assistant City Planner, Mr. Austin Grammer, City Economic Development Coordinator

CALL TO ORDER Chairman Boyd called the meeting to order at 4:01 PM. The Commission took roll, and with seven members present, there was a quorum.

PUBLIC COMMENT: None

MINUTES: The Commission reviewed the minutes from the October 25, 2017 regular meeting. Mr. Balmer motioned to approve the minutes with the correction of a scrivener's error. Mr. Pearson seconded the motion. The Commission approved the minutes by voice vote, 7-0.

REGULAR AGENDA:

PR-01-17 Public hearing, review, and action on a petition submitted by Eastland Mall, LLC requesting a site plan review, "Outback Pad" for the property located at the southwest corner of Route 9 and Veterans Parkway, approximately 53.78 acres.

Mr. Stanczak arrived at 4:02 p.m. Chairman Boyd introduced the case. Ms. Simpson presented the staff report and positive recommendation. She provided photos of the subject property, an aerial view and zoning map. Ms. Simpson shared pictures of the property and provided a brief history of tenants and uses this property has had over the past three decades. Ms. Simpson described the zoning, surrounding uses and surrounding zoning districts. She explained that Veterans Parkway and Empire St are state routes and have higher traffic volumes than other streets. Ms. Simpson stated the proposed development aligns with the Comprehensive Plan because it promotes infill development, retention of existing businesses, and adaptive reuse of commercial sites. She explained that the site plan review process is intended to provide an opportunity to evaluate the compatibility of uses, effects on surrounding properties, and to evaluate the site connectivity and overall circulation. Ms. Simpson explained the site plan's relationship to the existing zoning ordinance. The site plan, as she stated, complies with, and exceeds parking, and landscaping requirements. Mr. Balmer asked if the 524 surplus of parking spaces includes the 62 spots that would be required for the new development. Ms. Simpson confirmed. She explained that, since the previous Site Plan review in 1997, the City changed its

zoning ordinance to reduce the number of required parking for retail and awarded two variances reducing the size of parking stalls and reducing the size of aisles. Ms. Simpson explained the development would involve the removal of three parking islands, but emphasized that these islands would be relocated. She explained city staff, including the traffic engineer, reviewed the plan for onsite circulation and have no concerns. The developer is proposing to provide underground detention to accommodate the displacement of storm water. Ms. Simpson reviewed the standards from Section 44.8-5 and stated the site plan meets these standards.

Chairman Boyd asked for clarification about the relocation of landscaping islands. Ms. Simpson explained the site plan includes landscaping for the mall property to meet the site plan review requirement. Additional landscaping for the restaurant would be provided by the tenant of the restaurant. Mr. Stanczak asked about the underground detention. Ms. Simpson explained that the tenant would provide underground storage tanks for the new development. Mr. Balmer explained that the parking lot provides surface detention and that the proposed detention would result in underground tanks. Mr. Stanczak asked if this development would involve a traffic configuration. Ms. Simpson stated that the development should improve onsite circulation by encouraging travelers to use the frontage road rather than cut through the property. She stated the building, angled parking stalls and medians should improve traffic circulation by reducing cut-through opportunities.

Mr. Bill Butz, 250 E. 96th St. Suite 580 Indianapolis, Indiana, project engineer, was sworn in. He introduced himself and Jeff Allen, a representative from CBL Properties. Mr. Butz explained the building footprint will be the size of the pad. He described the developer's intention to add additional landscaping and soften the site. Mr. Butz clarified the building will be built by the tenant, but as per the lease, the petitioner is required to provide a pad. Mr. Butz addressed the detention design and explained underground storage chambers will be provided. He stated that this is one of many improvements the mall will be making over the next few years. Mr. Stanczak clarified the project is not random and there is a tenant. Mr. Butz confirmed and clarified the project is a relocation of an existing business. Mr. Suess stated that at times there are carnivals in the parking lot where the restaurant is proposed; he asked about the impact this development may have on that use. Mr. Butz explained that the petitioner would be responsible for any other agreements or leases for a carnival.

Chairman Boyd requested comments and questions from the public. No one spoke in favor of the petition and no one spoke in opposition to the petition. Chairman Boyd declared the public hearing closed. Chairman Boyd stated he likes that the large parking lot will be reduced. No other comments were provided by the Commission.

Mr. Balmer motioned to approve the site plan as presented. Mr. Protzman seconded the motion. The motion was approved 8-0 with the following votes cast: Mr. Balmer—yes; Mr. Protzman—yes; Mr. Stanczak—yes; Mr. Pearson—yes; Mr. Suess—yes; Mr. Penn—yes; Mr. Muehleck—yes; Chairman Boyd—yes.

OLD BUSINESS: None

NEW BUSINESS: None

ADJOURNMENT: The meeting adjourned at 4:23 by unanimous voice vote; motioned by Mr. Balmer and seconded by Mr. Stanczak

Respectfully submitted,
Katie Simpson,
Secretary.

**CITY OF BLOOMINGTON
 REPORT FOR THE PLANNING COMMISSION
 DECEMBER 13, 2017**

CASE NUMBER:	SUBJECT:	TYPE:	SUBMITTED BY:
Z-31-17	200 N Bellemont Rd	Rezone	Izzy Rivera, Assistant City Planner
PETITIONER'S REQUEST:	Rezone the above referenced property from R-1A, Low Density Single Family Residence District to R-3A, Medium Density Multiple Family Residence District		

Staff finds that the petition meets Zoning Ordinance's map amendment guidelines for the R-3A, Medium Density Multiple Family Residence District (44.6-8).

STAFF RECOMMENDATION: Approve

Staff recommends the Planning Commission pass the following motions recommending:

- A. That City Council approve the rezoning of 200 N Bellemont Rd from R-1A, Low Density Single Family Residence District to R-3A, Medium Density Multiple Family Residence District, case Z-31-17.

NOTICE

The application has been filed in conformance with applicable procedural requirements and public notice was published in *The Pantagraph* on November 27, 2017.

4. Site visit

PROJECT DESCRIPTION

Background: The subject property is located east of Mercer Ave, and north of E. Washington St. The property is zoned R-1A, Low Density Single-Family Residence District. The surrounding area is comprised of residential, office district and multiple family residential. To the northeast of 200 N Belmont, the zoning district is R-3A, Medium Density Multiple Family Residence District. Surrounding developments include a church, an elementary school and condominiums. The current zone R-1A, Low Density Single Family Residence District, intends to provide the development of areas characterized by large lot single-family units, and has a density of two (2) dwelling units per acre. This District primarily permits single-family homes and agency operated homes, but also allows, with the approval of a special use permit, for a number of less intense commercial uses intended to serve the surrounding area and its related recreational, religious and cultural needs, such as day care facilities, churches, country clubs and pools, and nursery schools. The R-3A District contemplates a density of twelve (12) to twenty-nine (29) dwelling units per acre. Similar to the R-1A District, the R-3A District allows for selected commercial uses with a special use permit. The District is intended to serve as a transitional buffer between nonresidential and residential districts.

Project Description:

The subject property, 200 N Belmont Rd., consists of 4.8 acres and is currently zoned R-1A, Low Density Single Family Residence District. The east portion of the lot is developed with a single-family home, and the west portion of the lot is undeveloped. The petitioner is requesting a zoning amendment from R-1A to R-3A to allow for the construction of a senior living facility. The primary intent of the R-3A, Medium Density Multiple Family Residence District, is to provide for multi-family developments. Nursing homes, and convalescent homes are contemplated in the district with a special use permit. Currently the adjacent property to the east, 108 N Regency Dr., is zoned R-3A. This property is owned by the petitioner and is expected to be included in the project. The proposed project will consist of remodeling some buildings on the two parcels and the construction of others for a full independent, semi-dependent living, assisted living, and senior day care. The project will also include open green space and fountains for residents.

Zoning Map

The subject property complies with the bulk requirements and lot dimensions for the proposed zoning district. The utilities are sufficient to provide for the proposed multi-family development. Additionally 200 N Bellemont Rd is adjacent and contiguous to 108 N Regency, 110 N Regency, and 14 Canterbury Court; all of which are zoned R-3A. Rezoning would be a comprehensive effort and will provide a transitional buffer between nonresidential areas and single-family homes.

Link to Comprehensive Plan:

Meeting the needs of residents of all ages and abilities is a goal of the Comprehensive Plan. The comprehensive plan outlines the need to ensure that there are transportation options that are affordable and accessible for older residents. It is also important to provide access to social services and amenities to continue to engage the older residents. Creating walkable neighborhoods will help the aging population maintain an active lifestyle and continue to attract and retain the senior population in the City of Bloomington. (CWB-2)

FINDINGS OF FACT

The Zoning Ordinance provides “*Zoning Map Amendment Guidelines*” and states, “*In making its legislative determination to zone or rezone property to a R-3A Residence District zoning classification, the Planning Commission and City Council may apply the following guidelines to the proposal under consideration(44.6-8):*

1. *The availability of permanent open spaces including public parks, golf courses, schools and similar such uses in proximity to the subject property; the property is located less than a mile away from Bloomington Country Club, in proximity to Oakland School, Washington School, Bloomington High School and its parks. The proposed development also includes a recreation area and green space. Residential development will be required to comply with the parkland dedication requirements of Chapter 24.*
2. *The relationship of the subject property to the various aspects of the City’s transportation system including pedestrian ways, bicycle paths, major and collector streets and public transit; the property is located within walking distance of Washington Street (approximately 350 ft.), which has bus routes, sidewalks, and bike lanes. There is also sidewalks on Regency Drive. Washington St is a minor arterial road, running east and west between state routes, Veterans Parkway and US Business 51.*
3. *The distance the subject property is from primary service facilities and activity centers including schools, commercial centers, cultural nodes and places of employment; OSF Hospital and other medical offices, located on Eastland Drive, are in close proximity to the subject property. The shopping malls and shops on Veterans Parkway are within walking and bus distances, approximately 0.22 miles. Grocery stores are located on Oakland Ave such as Kroger and Jewel. Green Top Grocery is approximately a mile west on Washington Street. Public transportation is accessible for residents who wish to visit Downtown Bloomington and its amenities.*

4. *The adequacy of public services including schools, police, and fire protection, and solid waste collection serving the property and the impact the proposal would have upon these services;* Fire and police protection are available to meet the needs of the residents. Due to the expected age of residents, the impact on the schools should be limited and low. However, property improvements could result in increased property tax revenues for the district.
5. *The capacity of existing and proposed community facilities and utilities including water and sewer systems to serve the permitted uses which might lawfully occur on the property so zoned;* water and sewer usage would increase, however, utilities are adequate to serve the proposed project. The Engineering, Water, and Public Works Departments have preliminarily reviewed the proposed development.
6. *The potential impact existing or permitted uses in the vicinity would have upon this residential use and the impact uses authorized in the district would have upon these surrounding areas;* the zoning amendments would result in an increased density for the area. Nonetheless, Mercer Ave serves as a physical separation between the lower density R-1A properties east of the development. The zoning change would require transitional yard setbacks and transitional heights where the site abuts single-family zoning districts. Entrance to the site from Mercer Ave would most likely not be allowed due to the curvature of the road. The proposed entrance would be from Regency in order to prevent an excess of traffic for homeowners east of the site.
7. *The extent to which the permitted uses will promote the balanced growth in the community and will be consistent with the City's goals for equal housing opportunity and a variety of housing types;* it is important to offer housing for all residents no matter their age or abilities. Maintaining all residents as part of the community, close to amenities and services is an important part of the Comprehensive Plan and is necessary for fostering an inclusive community. The proposed development promotes infill, another goal mentioned in the Comprehensive Plan, and utilizes existing infrastructure, limiting the costs to the city and residents.
8. *The impact the permitted uses would have upon the environment including noise, air and water pollution;* multi-family zoning is already adjacent to the proposed development, while there will be an increase in density on the site, the development will be required to provide detention to limit the negative impact on storm sewers and adjoining properties. Setback and screening will help mitigate noise and visual impacts on neighboring residents.
9. *The impact of natural disasters, including flooding, would have upon the permitted uses;* The petitioner is required to meet detention and green space requirements outlined in the zoning and subdivision ordinances. Detention will help mitigate water run-off resulting from increased impervious surfaces.

10. *The conformance of the proposal to the Official Comprehensive Plan and Official Map; the comprehensive plan identifies the area as residential. The plan encourages housing for all ages and abilities and promotes retaining the senior population in the City of Bloomington.*

STAFF RECOMMENDATION:

Staff recommends the Planning Commission pass the following motion recommending:

- That City Council approve the rezoning of 200 N Bellemont Rd from R-1A, Low Density Single Family Residence District to R-3A, Medium Density Multiple Family Residence District

Respectfully submitted,

Izzy Rivera
Assistant City Planner

DRAFT
ORDINANCE NO. _____

**AN ORDINANCE APPROVING THE ZONING MAP AMMENDMENT FOR 200 N
BELLEMONT ROAD FROM R-1A LOW DENSITY SINGLE FAMILY RESIDENCE TO
R-3A MEDIUM DENSITY MULTIPLE FAMILY RESIDNECE DISTRICT**

WHEREAS, there was heretofore filed with the City Clerk of the City of Bloomington, McLean County, Illinois, a Petition for rezoning of certain premises hereinafter described in Exhibit "A"; and

WHEREAS, the Bloomington Planning Commission, after proper notice was given, conducted a public hearing on said Petition; and

WHEREAS, the City Council of said City has the power to pass this Ordinance and rezone said premises.

NOW THEREFORE BE IT ORDAINED by the City of Bloomington, McLean County, Illinois,

1. That the premises hereinafter described in Exhibit "A" shall be and the same are hereby rezoned from **R-1A** District to **R-3A** District.
2. The Official Zoning Map of said City shall be amended to reflect this change in zoning classification.
3. This Ordinance shall take effect immediately upon passage and approval.

PASSED this ___ day of _____, 2017.

APPROVED this ___ day of _____, 2017.

APPROVED:

Tari Renner
Mayor

ATTEST:

Cherry Lawson

Jeffrey R. Jurgens
Corporate Counsel

PETITION FOR ZONING MAP AMENDMENT

State of Illinois)
) ss.
County of McLean)

TO: THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF BLOOMINGTON, MC LEAN COUNTY, ILLINOIS

Now comes, DeWITT FARMS, LLC, an Illinois Limited Liability, hereinafter referred to as your petitioner, by and through Julia Davis of Julia Davis Law Firm, LLC, respectfully representing and requesting as follows:

1. That your petitioner is the owner of the freehold or lesser estate therein of the premises hereinafter legally described in Exhibit A, which is attached hereto and made a part hereof by this reference, or is a mortgagee or vendee in possession, assignee of rents, receiver, executor, executrix, trustee, lessee or other person, firm or corporation or the duly authorized agents of any of the above persons having proprietary interest in said premises;
2. That said premises legally described in Exhibit "A" presently has a zoning classification of **R-1A** under the provisions of Chapter 44 of the Bloomington City Code, 1960;
3. That the present zoning on said premises is inappropriate due to error in original zoning, technological changes altering the impact or effect of the existing land uses, or the area in question having changed such that said present zoning is no longer contributing to the public welfare;
4. That your petitioner hereby requests that the Official Zoning Map of the City of Bloomington, McLean County, Illinois be amended to reclassify said premises into the **R-3A** zoning district classification;
5. That said requested zoning classification is more compatible with existing uses and/or zoning of adjacent property than the present zoning of said premises; and
6. That said requested zoning classification is more suitable for said premises and the benefits realized by the general public in approving this petition will exceed the hardships imposed on your petitioner(s) by the present zoning of said premises.

WHEREFORE, your petitioner respectfully prays that the Official Zoning Map of the City of Bloomington, McLean County, Illinois be amended by changing the zoning classification of the above-described premises from **R-1A** to **R-3A**.

Respectfully submitted,

By: _____
Julia Davis of Julia Davis Law Firm, LLC

Exhibit "A"

A part of the Southwest 1/4 of the Northwest 1/4 and a part of the Northwest 1/4 of the Southwest 1/4 of Section 2, Township 23 North, Range 2 East of the Third Principal Meridian, more particularly bounded and described as follows:

Beginning at the Northwest corner of said Southwest 1/4, thence South 89 degrees 24 minutes East along the North line of the Southwest 1/4 of said Section 2, 366.3 feet; thence South 1 degree 15 minutes, 54 feet; thence South 89 degrees 24 minutes East along the North line of Bellemont Subdivision, 365.82 feet to the Northeast corner of Lot 16 in said Bellemont Subdivision; thence North 1 degree 15 minutes West, 328 feet; thence North 89 degrees 24 minutes West, 731.45 feet to a point on the West line of said Section 2; thence South 1 degree 09 minutes East, 274 feet along said West line to the place of beginning;

EXCEPT:

Beginning at a point being the Southwest corner of the Northwest 1/4 of Section 2, Township 23 North, Range 2 East of the Third Principal Meridian, said point also being the Southeast corner of Country Club Place Addition, per Plat in Book 11 at Page 4 in the office of the McLean County Recorder; thence along the East line of said Country Club Place Addition, North 01 degrees 03 minutes 38 seconds East 135.00 feet, to a found iron pin monument at the Southeast corner of Lot 27 in said Country Club Place Addition; thence along a non-tangent curve to the right having a radius of 322.77 feet, an arc length of 140.26 feet, a chord bearing of South 11 degrees 23 minutes 20 seconds East and a chord length of 139.16 feet, to a point on the South line of aforesaid Northwest 1/4 of Section 2, Township 23 North, Range 2 East of the Third Principal Meridian, said line also being the North line of Mercer Davis Addition per Plat in Book 12 at page 81 in the Office of the McLean County Recorder; thence along said South line of the Northwest 1/4 of Section 2, North 87 degrees 14 minutes 24 seconds West 30.01 feet, to the Point of Beginning, in
McLEAN COUNTY, ILLINOIS.

November 20, 2017

Dear Property Owner or Resident:

The City of Bloomington Planning Commission will hold a public hearing on **Wednesday, December 13, 2017 at 4:00 p.m. in the Council Chambers of City Hall Building, 109 E. Olive St., Bloomington, Illinois** for a petition submitted by **Dewitt Farms, LLC** requesting the rezoning of **200 N Bellemont Rd** from R-1A, Low Density Single Family Residence District to R-3A, Medium Density Multiple Family Residence District. The petitioner would like to place a senior living facility on the property. A legal description of this property is attached to this letter.

You are receiving this notification because you own property within a 500 foot radius of the land described above (refer to map on back). All interested persons may present their views upon matters pertaining to the requested rezoning during the public hearing.

In compliance with the Americans with Disabilities Act and other applicable federal and state laws, the hearing will be accessible to individuals with disabilities. Persons requiring auxiliary aids and services should contact the City Clerk at (309) 434-2240, preferably no later than five days before the hearing.

Please note that cases are sometimes continued or postponed for various reasons (i.e. lack of quorum, additional time needed, etc.). The date and circumstance of the continued or postponed hearing will be announced at the regularly scheduled meeting. The hearing's agenda and supporting materials will be available at <http://www.cityblm.org/government/advanced-components/documents/-folder-308>. If you desire more information regarding the proposed petition or have any questions you may contact me by phone, (309) 434-2226, or email, irivera@cityblm.org.

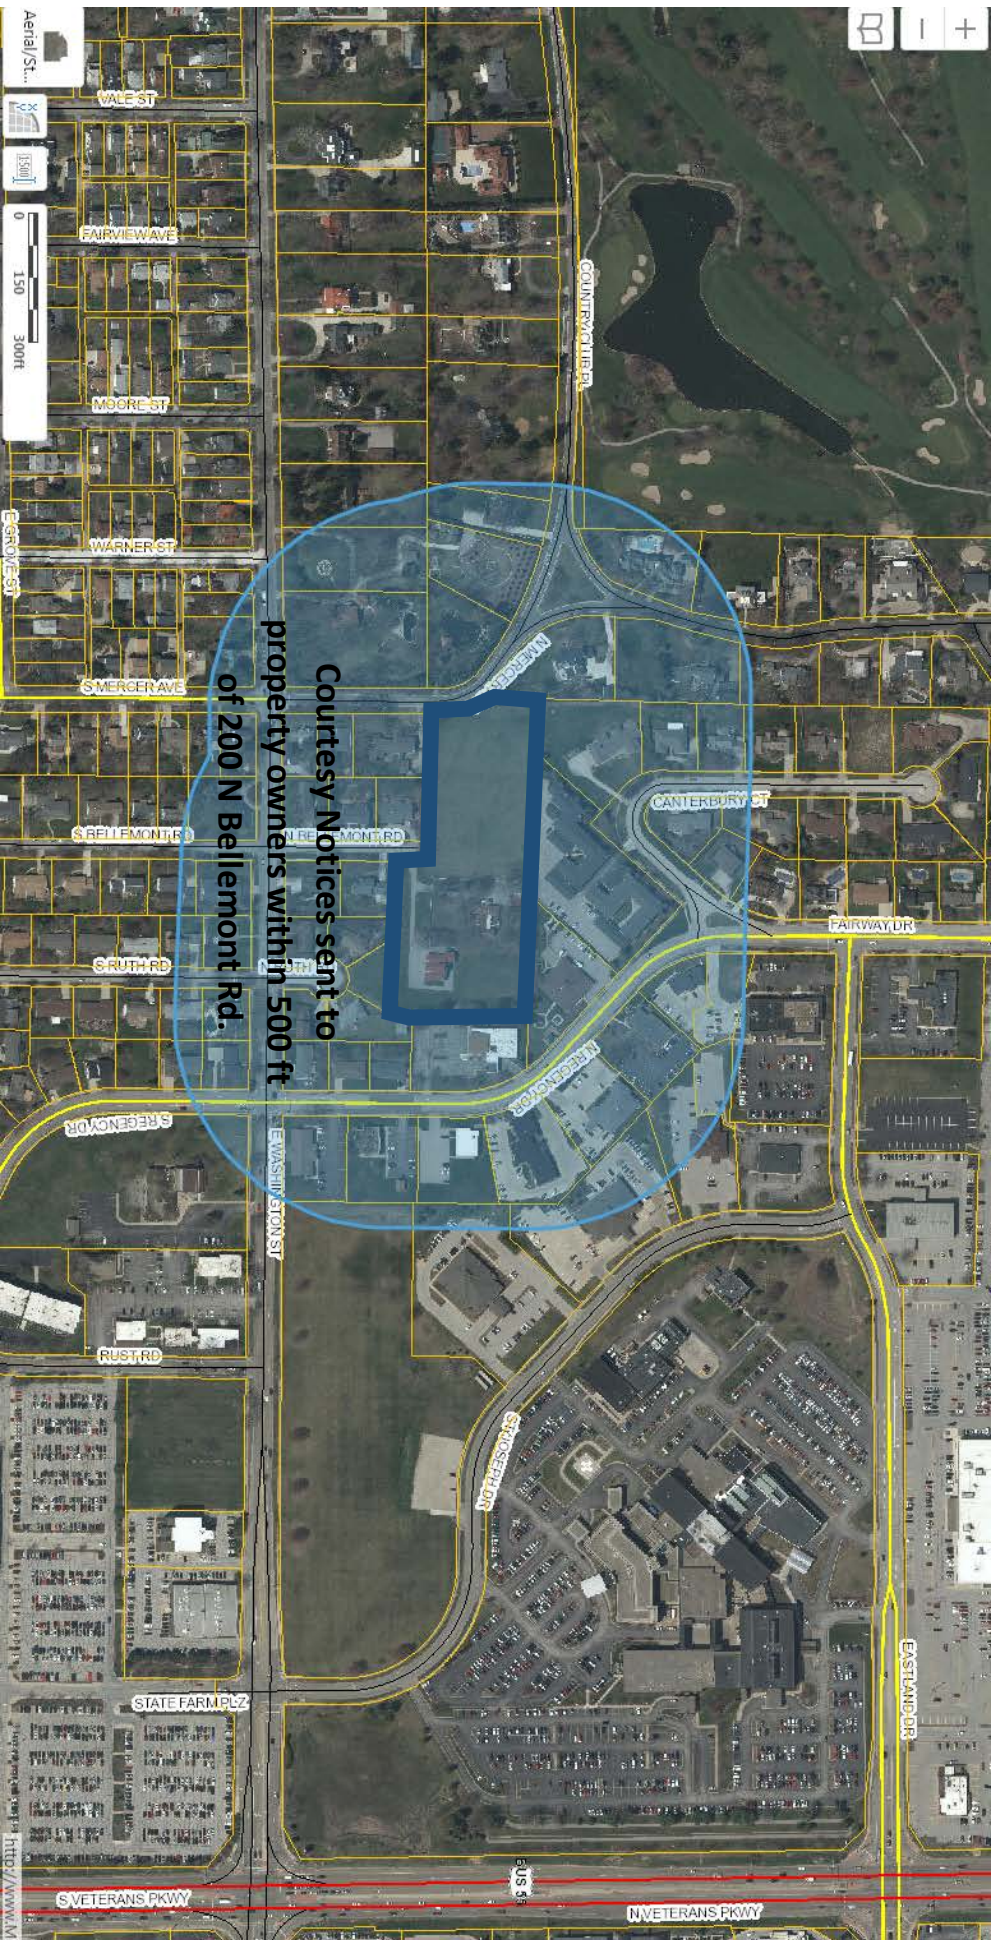

Sincerely,

A handwritten signature in black ink that reads "Izzy Rivera".
