January 2019 Executive Summary

The fiscal year 2019 budget is \$210.1M. This report provides financial activity for major operations and areas of interest. Commentary on revenue and expense activity can be seen throughout the report on major funds with special emphasis on the General Fund. Some commentary focuses on variances from annualized trend which is 75 percent or 9/12 of the fiscal year.

General Fund

The City's General Fund includes nearly 50 percent of the City's total financial operations or \$104.3M, and accounts for all taxes.

General Fund revenues are primarily made up by taxes which comprise 82 percent of the Revenue budget. Much of these taxes are collected by the State and are not received for several months; therefore realized revenue trends lag in those categories, as compared to the current month's annualized trend target. To account for this, the Major Tax Revenue exhibit captures the YTD budget – as related to the number of months of revenue received.

The General Fund's three largest revenue sources make up more than half of all revenue and total \$53.9M: Property Tax – \$17.9M (net Library-Bond levies of \$7M), Home Rule Sales Tax - \$21.3M (excluding Arena dedicated of \$1.4M), and State Sales Tax – \$14.7M. Home Rule is currently \$483K over YTD budget; \$418K over prior year. Income Tax, with an annual budget of \$7.3M, is trending favorably and is over YTD budget by \$152K and \$419K over prior year. Food and Beverage tax is over YTD budget by \$125K; \$105K over prior year. While these trends could be considered positive indicators of the economy, Hotel/Motel Tax is \$106K under prior year with local locations reporting down revenues, year over year. Local Use Tax is \$201K over YTD budget; \$178K over prior year. This is most likely related to the Supreme Court 'internet sales tax' ruling.

The General Fund houses multiple unique operations that are seasonal in nature or event driven, such as parks and recreation, snow & ice budgets and entertainment facilities. These activities would not be expected to correlate to an annualized trend and may have no activity at points in the fiscal year. Salaries and benefits representing 50 percent of General Fund expenditures are below trend; even with \$500K in Vacancy Savings included in the budget for the year. Additionally, Parks and Rec activity is front-loaded into the fiscal year which begins May 1st. This indicates the realized trend is likely to continue to be under the target as these activities decline in the fall and winter (while somewhat offset by Snow & Ice

While reviewing City financials it is important to keep in mind that activities which are recreational, entertainment oriented, or are based on citizen or consumer behavior will not always correlate with annualized trend. Numbers are preliminary pending final audit; some may be estimated pending final posting.

removal which is expected to be over budget). Current estimates show salaries and benefits coming in \$1M under budget.

The delay in receiving state administered revenues results in the General Fund being in a negative position during the year; relying on its fund balance to cover operations. Indications at nine months, however, are positive related to tax revenues and continued vacancy savings; and a \$1.5M surplus is currently being projected (see General Fund Revenue and Expense exhibit for details).

General Fund Capital

Multiple capital projects were adopted in the FY2019 budget totaling \$7.4M. Street resurfacing, sidewalks, traffic signals and intersection upgrade projects make up roughly \$6M of the capital budget and are underway with \$4M having been executed to date. Capital equipment purchases of \$3.4M are budgeted for the City's rolling stock of vehicles and equipment with \$1.1M having been executed to date.

Enterprise Funds

Most Enterprise funds have favorable YTD Actual activity through January. Purchase orders (commitments) processed do not affect cash but are factored into Total YTD gain and loss below.

City of Bloomington - FY 2019
Enterprise Funds - Summary - Through January 31, 2019

		** All numbers are Preliminary pending final Audit **									
	Water*	Sewer	Storm	Solid Waste	Golf *	Arena*					
Beginning Fund Balance	27,296,357	2,098,690	(175,371)	1,382,565	465,573	850,512					
YTD Actual Favorable/(Unfavorable)	2,454,744	2,243,717	810,892	252,584	(178,881)	(250,140)					
Commitments (POs)	(2,213,385)	(2,163,720)	(229,822)	(488,308)	(118,780)	(377,831)					
Total YTD Gain / (Loss)	241,360	79,996	581,070	(235,724)	(297,660)	(627,972)					
Ending Fund Balance	27,537,717	2,178,686	405,698	1,146,841	167,913	222,540					

^{*} These funds had budgeted use of fund balance.

Enterprise Fund Capital

Of the \$9.7M in budgeted Enterprise fund capital projects, the Water fund represents 64 percent. Its \$6.3M budget includes projects for water main replacement construction and design, water treatment plant upgrades, erosion control, water loss prevention and master planning. Sewer fund projects make up another \$2.4M largely for the City's sewer lining program.

While reviewing City financials it is important to keep in mind that activities which are recreational, entertainment oriented, or are based on citizen or consumer behavior will not always correlate with annualized trend. Numbers are preliminary pending final audit; some may be estimated pending final posting.

Commentary:

Revenues: No material negative deviations are noted at this time.

Tax revenues are trending over budget as indicated in the Budget Adjs column.

Most taxes are received in arrears. \$17.9M of the tax revenue reflected is for Property Tax.

Licenses Revenue is over due to the timing of Liquor License revenues which post in December.

Investment Income is trending over budget due to rising interest rates.

Misc Revenue includes donations, certain grants, misc Fire fees (CIRA), Police sale of Unclaimed autos etc. The budget also includes a placeholder for Fee increases that will post to other categories.

Sale of Capital Assets revenue is related to equipment sold at auction.

Transfer in represent dollars charged to other Funds. Prior year included dollars from the EE Insurance and Benefits Fund.

Expenditures:

Salaries expense budget includes 500K in vacancy savings. This was originally budgeted in Other Expenditures, but has been moved to provide for more accurate reporting. Benefits is projected to come in over budget due to Work Comp pay hitting this category instead of Salaries when employees are out.

Contractuals is projected to come in under budget due to contributions to the BN Advantage being lowered by 239K.

Principal and Interest can vary according to the timing of debt payments. Due to the timing of the execution of the FY2018 Equipment lease, this category is expected to come in under budget.

Other Intergove Exp includes Police and Fire pension contributions which get funded as Property Taxes are received; and payments to McLean County. A variance over budget is linked to the extra Home Rule Sales Tax revenue expected - and the related portional commitment to McLean County.

Other Expenditures budget includes Ambulance bad debt and insurance write-offs of 2.7M and Economic Development incentive rebates of 475K.

Transfer Out Exp budget includes transfers to the Capital Improvement Fund of 7.3M. A variance over budget is linked to the extra Home Rule Sales Tax revenue expected - and the related portional commitment to Streets/Alley repair/maintenance.

Note: Capital projects/improvements related to the General Fund are accounted for in the Capital Improvement fund and can be seen on page 7. A capital equipment & vehicle status listing can be seen on page 8.

Notes for variances about or below 10% - compared to prior year.

Income Tax: YTD variance over prior year of 419K/11% could be an indication of positive trends in the economy.

Hotel/Motel Tax: YTD variance over prior year of negative 106K/9% could be an indication of fewer business travelers coming to the areas; and the effects of the currently untaxed, short term rental market.

Local Use Tax: YTD variance over prior year of 178K/14% could be an indication of the effects of the internet sales tax ruli ng.

Commentary: There is 1.45M included in the Intergov revenue budget related to the Fox Creek Road-Bridge project and the IL Commerce Commission's related reimburesment. MFT funds are budgeted at 1.8M.

Design and construction of capital projects totaling \$9.6M was budgeted for FY 2019.

Note: Motor Fuel Tax is a state tax on purchased motor fuel in Illinois. These funds are restricted and can only be used for the construction service costs and maintenance of municipal streets, sidewalks, traffic signs, street safety or associated engine ering.

See detail on capital projects on the page immediately following this statement.

Commentary:

Revenue:

Water fund savings of \$7.1M was budgeted to pay for capital projects/capital expenditures. Fund savings has been accumulating for some time to provide funding for large capital projects. Since revenues in fund savings have already been collected, there is no current year activity. This will skew overall revenue trend. Water fees seen in Charges for Services are based on consumption and are above trend. Water consumption is highly dependent on weather conditions. The Investment Income budget, for interest income, is a pending post adoption adjustment to Use of Fund Balance. Transfers In represent water billing/charges to other City Enterprise funds: Sewer, Storm Water and Solid Waste.

Expenditures:

Principal and Interest expense can vary to trend due to timing of debt payments. Transfers Out relate to administrative charges from the General Fund for activities such as Finance (which includes Collections), Legal, Human Resources etc.

Note: See detail on capital projects and equipment on the pages immediately following this statement.

Commentary:

Revenue:

Charges for Services included a fee increase and are on trend.

Expenditures:

Salary and benefits will not always trend with annualization as laborers perform work as needed in the Sewer, Storm Water and Street maintenance divisions. Principal and Interest expense can vary to trend due to timing of debt payments; there were annual IEPA loan payments due in May/June. Other expenditures have Contribution to Fund Balance budgeted for \$153K that skews annualization. Transfer Out represents payments for services to other funds such as Water and the General Fund for Admin and Billing services.

Note: See detail on capital projects and equipment on the pages immediately following this statement.

Commentary:

Revenue:

Charges for services are slightly below trend due to a timing lag related to fee increases budgeted for the year; billing and payment cycle.

Expenditures:

Salary and benefits will not always trend with annualization as laborers perform work as needed in the Storm Water, Sewer and Street maintenance divisions. Principal and Interest expense can vary to trend due to timing of debt payments. Transfer Out represents payments for services to other funds such as Water and the General Fund for Admin and Billing services.

Note: See detail on capital projects and equipment on the pages immediately following this statement.

Commentary:

Revenue

Solid Waste Services revenue includes a budgeted fee increase. The Fines and Forfeitures category are for late fees for residents who do not pay on time.

Expenditures

Salary and benefits will not always trend with annualization as laborers perform work as needed in the Sewer, Storm Water and Street maintenance divisions. Principal and Interest expense can vary to trend due to timing of debt payments. Transfer Out represents payments for services to the General Fund for Admin and Billing services.

Note: See details on capital equipment on the page immediately following this statement.

	Ending Fund Balance \$	222,540	

Commentary: The Arena fund shows activity for the operation of the Grossinger Motors Arena which includes two divisions, one managed by the City and one by VenuWorks, a third party manager. Tax revenue seen above is solely sales tax revenue earmarked for the bond debt service payments seen in expenditures under transfers out. Charges for Services Revenues are well below trend due to the Arena just beginning it's busier season. Misc. revenue includes concessions, merchandise and other and is below trend for the same reason. Transfer In represents revenue received from the General Fund.

The Arena is a unique entertainment venue therefore profit and loss activity will not trend with annualization. Salary expenses includes event staff. Contractual expense includes building maintenance and repairs and talent expenses that trend with the timing of events and repairs while management fees are monthly.

Note: An increase of .25% in the Home Rule Sales Tax was approved by the City Council on February 11, 2008 to provide fund for debt service payments for the Arena with the remainder left to build City reserves and infrastructure. See details on capital projects after the VenuWorks page.

** All numbers are Preliminary pending final Audit **

Current Activity - over/(under)	\$ (306,999)

Note:

The YTD Budget through Jan., 2019; called for a loss of 578K. VenuWorks is therefore currently ahead of budget due to unexpected revenues, and reduced expenses.

Revenue and expense related to debt service, facilities maintenance and capital improvements are not included above.
