Mr. Mahrt presented the staff report and recommendation. He introduce the case and stated that staff is recommending in favor of the petition. Mr. Mahrt stated that the City Council approved update to the Zoning Ordinance March 11, 2019 with provision for keeping of chickens in the City limits with special restrictions and requiring a special use permit. Mr. Mahrt provided background information for the properties in question. 3402 E. Oakland Ave is approximately three acres and 3404 E. Oakland Ave is approximately one acre. Both properties are improved with single family homes. There are two properties under common ownership. Mr. Mahrt reviewed the allotment of chickens allowed at each property. 3402 E. Oakland Ave would be allowed eight chickens and 3204 E. Oakland Ave would be allowed four chickens with a total of twelve allowed under common ownership. Staff is adding the condition that if one property was to be sold and not in common ownership 3402 E. Oakland would be allowed eight chickens and 3404 E. Oakland would be allowed four chickens.

Mr. Mahrt provided an overview of site from Oakland Ave and shared aerial photos. He described the area as rural in nature with some residential development, and stated that it has maintained its rural character and is a large tract of land in the R-2 District. He described the home, its location and the neighborhood. He presented the property's zoning, R-2, Mixed Residence District. Mr. Mahrt indicated this as the first special use request since the adoption of the new Zoning Ordinance by the City Council. Mr. Mahrt shared renderings to review the property, existing barn and housing of the chickens. Mr. Mahrt indicated that this is a special case as the chickens will be kept at the larger property 3402. E Oakland Ave. in the existing barn. The aerial view of the property was reviewed again to confirm location. Mr. Schultz asked if there is any minimum size lot to have chickens. Mr. Mahrt reviewed the Ordinance and confirmed there is not a minimum lot size. He explained that when the property exceeds the acre threshold they are allowed additional chickens per each half acre.

Karla Lane, 3402 & 3404 E. Oakland Ave., the petitioner was sworn in. Ms. Lane explained that she and her husband own both properties and live at 3402. Her son rents 3404 one of the homes. She has been interested in having chickens on her property for some time. There are three outbuildings on her land; one of them is a barn on the property when she and her husband purchased the property. They have spent time cleaning up the property including the barn, where she plans to house the chickens. Ms. Lane went on to explain her plans for the chickens, and mentioned that she will have a mobile unit for transporting them around on her property. Having chickens would enhance the lifestyle Ms. Lane and her family have adopted.

Mr. Ballantini asked how long Ms. Lane and her husband had owned the property. Ms. Lane indicated the property was purchased in 2012. Mr. Ballantini stated there should be discussion/agreement as to the moving of the mobile barn on the property. Ms. Lane indicated she would adhere to the 10 foot setbacks when moving the mobile chicken unit from spot to spot throughout the garden and yard. Mr. Ballantine asked if there where there chickens on the property before. Ms. Lane indicated that there might have been chickens on the property before but not recently. Mr. Schultz asked if this is for personal use. Ms. Lane indicated that this is for personal use. The Board discussed the ordinance and relationship to the Comprehensive Plan. Mr. Boyle clarified that the Plan is advisory and that the regulations of the ordinance, while rooted in the goals and objectives of the plan, are more restrictive and supersede any recommendations of the plan.
