## § 26.1 INTRODUCTION

On May 5, 2020, the Governor released his Restore Illinois Plan and the City went into Phase 4 of this Plan on June 26. Phase 4 is titled “Revitalization” and opened additional sectors of the economy, including retail, entertainment venues, personal care services and health clubs, bars and restaurants, manufacturing and other non-essential businesses. In addition, Phase 4 allows gatherings up to 50 people. Although many sectors of the economy re-opened in Phase 4, there are various capacity limitations, restrictions and best practices that remain in place. In addition, Resurgence Mitigation restrictions were just announced that will, in part, prohibit indoor dining and/or service at bars and restaurants. The restaurant/bar industry has been and continues to be particularly hard hit by the pandemic.

## § 26.2 AUTHORITY

On March 26, 2020, the City Council approved an Ordinance Declaring Local Emergency due to the COVID-19 Virus & Enacting Various Emergency Measures. Section 2(C) of that Ordinance authorizes the City Manager to address licensing issues, upon concurrence with the Mayor and Mayor Pro Tem.
