

Consent to Inspect

The City of Bloomington has initiated a life safety and property maintenance program for all rentals. Items for inspection include, but are not limited to, exterior and interior building maintenance, electrical, plumbing, heating/ventilation and life safety codes.

The City of Bloomington requires tenants provide written consent before an inspection can take place. This consent will apply to the first inspection and all follow up inspections.

Tenants/owners have the right to refuse an inspection/reinspection. If an inspection is refused, an administrative search warrant will be obtained from the courts. No inspection or reinspection will take place unless this form is completed by all tenants or a search warrant has been obtained.
