BACKGROUND: The MCRPC has been providing long term planning for the City, Town of Normal and McLean County for many years. Their functions include such things as long range transportation needs, comprehensive plans, public mapping services, etc. The three (3) government entities as well as state and federal grants provide the operational funding for the MCRPC.

Motion by Alderman Fruin, seconded by Alderman Lower that the Intergovernmental Agreement with MCRPC be approved, the Mayor and City Clerk be authorized to execute the necessary document and the payment approved, in the amount of \$27,868.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

The following was presented:

SUBJECT: Professional Services Contract for the Bloomington Center for Performing Arts

RECOMMENDATION: That the contracts with Brady Enterprises Entertainment, Inc. and Zydyco, Inc. be approved, in the amount of \$77,000, be approved and the Mayor and City Clerk be authorized to execute the necessary documents.

STRATEGIC PLAN LINK: Goal 3. Grow the local economy; Goal 5. Great place – livable, sustainable City; and Goal 6. Prosperous Downtown Bloomington.

STRATEGIC PLAN SIGNIFICANCE: Objective 3.e.- Strong working relationship among the City, businesses, economic development organizations; Objective 5.d. Appropriate leisure and recreational opportunities responding to the needs of residents; Objective 6.c. Downtown becoming a community and regional destination.

BACKGROUND: Staff respectfully requests approval of contracts to engage persons and/or groups represented by: Monterey International and WME Entertainment, LLC to perform entertainment services in the Bloomington Center for the Performing Arts, (BCPA). Contract expenses for the contracts will be \$77,000. The contract prices cover the artist fees for the performances coming to the BCPA in September and November 2013. For proprietary and

competitive advantage reasons we do not mention the acts by name in the staff back up report. As is standard industry practice, some artist contracts require some additional expenses for items such as travel, meals and lodging that vary from artist to artist. Travel expenses and local lodging fees occur less often. However virtually all artists are provided with meals and non-alcoholic beverages.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: The selection of these artists was coordinated with the Cultural Commission and the BCPA's Programming Advisory Committee. Staff and community advisors agree that the visiting professionals would attract broad, positive community involvement and contribute to the public service mission of the BCPA.

FINANCIAL IMPACT: The FY 2014 Budget appropriated \$511,300 in line item 10014125-70218-20000. The purpose of these \$77,000 contracts is to engage persons and/or groups represented by: Brady Enterprises Entertainment, Inc. and Zydyco, Inc. to provide entertainment services in the BCPA. Note this is only a portion of the total budget. The cost of this service will be offset by revenue generated from ticket sales, grants, playbills, concessions, and corporate advertisement and sponsorships. These revenues are also targeted to offset the additional artist expenses for travel, meals and lodging. With the incorporation of the BCPA Fund into the General Fund in FY 2014, stakeholders may locate this purchase in the FY 2014 General Fund Budget document on page #408.

Respectfully submitted for Council consideration.

SUBJECT: Resolution Regarding Temporary Closing of State Right of Ways for Community Event

RECOMMENDATION: That the Resolution be adopted.

STRATEGIC PLAN LINK: Goal 5. Great Place – Livable, Sustainable City.

STRATEGIC PLAN SIGNIFICANCE: Objective 5.d. Appropriate leisure and recreational opportunities responding to the needs of residents.

BACKGROUND: The Illinois Department of Transportation (IDOT) requires that Council adopt a Resolution requesting permission to close or hinder traffic on a State Route.

Typically the City only has two (2) requests each year for parades on a State Route, (US Route 51) which involves the Memorial Day, Labor Day and Christmas Parades. IDOT has requested that each municipality that experiences multiple parades on a State Route pass one (1) blanket Resolution at the beginning of each calendar year in order to minimize paperwork and manpower expenses.

Therefore, staff respectfully requests that Council adopt the Parade Resolution and further, that the Mayor and City Clerk be authorized to execute the necessary document. Upon adoption and execution, the Resolution will be forwarded to IDOT.

Section 3: This Ordinance shall be effective on the date of its passage and approval.

Section 4: This Ordinance is adopted pursuant to the home rule authority granted the City of Bloomington by Article VII, Section 6 of the 1960 Illinois Constitution.

PASSED this 8th day of July, 2013.

ATTEST:

Tracey Covert, City Clerk

Motion by Alderman Fruin, seconded by Alderman Lower that the Ordinance suspending Section 26(d) of Chapter 6 and Section 701 of Chapter 31 to allow suspension and consumption of alcohol at the Miller Park Pavilion on March 15, 2014 be passed.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

The following was presented:

SUBJECT: Easement Agreement Between the City and Ameren Illinois Company.

RECOMMENDATION/MOTION: That the Easement Agreement with Ameren Illinois Company be approved and the Mayor and City Clerk be authorized to execute the necessary documents.

STRATEGIC PLAN LINK: Goal 5. Great place – livable, sustainable City.

STRATEGIC PLAN SIGNIFICANCE: Objection 5a. This project will improve electric energy services for the City's residents.

BACKGROUND: Ameren Illinois is proposing to construct a new 345 kilovolt (kV) electrical transmission line between the existing Brokaw and South Bloomington substations. The Brokaw substation is located near the intersection of Ireland Grove and north Towanda Barnes Rd. The South Bloomington substation is located near the intersection of East Lafayette and Easy St. The project will also include modifications at the existing South Bloomington substation.

In the event of an outage concurrently affecting two (2) existing 138 kV circuits interconnecting Brokaw substation and the South Bloomington substation, (both circuits are carried on a common tower line), or the coincident outage of the existing two (2) 345/138 kV transformers at the Brokaw substation during peak load conditions, other transmission facilities would be stressed and voltage collapse in the Bloomington area would likely result. The proposed 345 kV transmission line between the existing Brokaw and South Bloomington substations and modifications at the South Bloomington substation will provide a strong source for electricity to the Bloomington area. The project would alleviate the stress on other transmission facilities during such outage events and maintain voltage support. The project's in-service date is June 2015.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: None.

FINANCIAL IMPACT: Ameren Illinois will pay \$5,400 for the easement.

Respectfully submitted for Council consideration.

(EXHIBIT A ON FILE IN CLERK'S OFFICE)

Motion by Alderman Fruin, seconded by Alderman Lower that the Easement Agreement with Ameren Illinois Company be approved and the Mayor and City Clerk be authorized to execute the necessary documents.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

The following was presented:

SUBJECT: Petition submitted by Alex A. and Larry Calvert Requesting Approval of a Rezoning from R - 1C, Single Family Residential District to C - 1, Office District, for the Property Commonly Located at 1028 E. Front St.

RECOMMENDATION/MOTION: That the Rezoning be approved and the Ordinance passed.

STRATEGIC PLAN LINK: The rezoning will facilitate the objectives of residents feeling safe in their homes and neighborhoods and the retention of growth of current local businesses.

STRATEGIC PLAN SIGNIFICANCE: If approved the rezoning will enable the construction of additional off street parking spaces for the funeral home resulting in less funeral home visitors parking on Front St. This should lessen the congestion on Front St. enabling the residents to feel safer. Even though there are no plans to expand the building, the rezoning and subsequent parking should foster the image of a strong and growing local business.

BACKGROUND: The petitioner owns the existing funeral home located adjacent to Washington St. and Front St. as well as the vacant subject site and the vacant lot to its east. If the rezoning is changed all of these properties will create a C - 1 rectangular shaped district.

The proposed rezoning will be compatible with the adjacent funeral home site and should not create any nuisance for the immediate adjacent parcels as a squared off parking lot is intended to be built and such will be screened from the neighbors. This site is relatively small, (approximately 60' x 124'), and is not likely to substantially increase the development potential beyond parking expansion for the funeral home.

On June 12, 2013, the Planning Commission voted 10 - 0 to recommend approval of the petition. The petitioner explained that they have worked with the neighbors and the school regarding how the new off street parking will enable less parking on the street. No one from the public spoke in opposition to or in support of the petition.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: Public notice was published in the Pantagraph in accordance with City Code. In accordance with the Zoning Code, (Ordinance No. 2006-137), courtesy copies of the Public Notice were mailed to approximately seventy-nine (79) property owners within 500'. In addition, a public notice/identification sign was posted on the property.

FINANCIAL IMPACT: The financial impact on City revenues and services should not change with the approval of the rezoning.

Respectfully submitted for Council consideration.

- 5. That said requested zoning classification is more compatible with existing uses and/or zoning of adjacent property than the present zoning of said premises; and

The following was presented:

SUBJECT: Petition submitted by Andy Streenz, Lawrence Wheat, John P. Wheat Vincente Adame, and Chad Seeman Requesting Approval of the Vacation of the East West Alley bounded by Lee St. on the west and Roosevelt St. on the east

RECOMMENDATION/MOTION: That the Vacation be approved and the Ordinance passed.

STRATEGIC PLAN LINK: Goal 1. Financially sound City providing quality basic services and Goal 4. Strong neighborhoods.

STRATEGIC PLAN SIGNIFICANCE: Objective 1a. Since the alley will not need to be maintained by the City there should be a cost savings realized over several years. Objective 4a. Resident feeling safe in their homes and neighborhoods. The Vacation will result in the immediate neighborhood being safer.

BACKGROUND: The petitioners desire to vacate the east-west alley which extends from the Lee St. to Roosevelt St. If the alley is closed, it should mitigate negative impacts on the adjacent properties since it will eliminate cut through traffic. It will also eliminate the use of the alley for drug trafficking along at least two (2) of the petitioners' lots once a fence is installed.

Public Works prefers to see alleys such as these closed because it saves maintenance cost.

The Planning Commission reviewed the petition and held a public hearing on May 22, 2013. One person representing the petitioners spoke in support of the petition emphasizing the need for safety from traffic and those running drugs. No one from the public spoke in opposition to or in support of the petition. The Planning Commission voted 10 - 0 to recommend approval of the petition.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: Public notice was published in the Pantagraph in accordance with City Code. Courtesy copies of the Public Notice were mailed to adjoining property owners.

SUBJECT: Rescind Bid Award for White and Yellow High Durability Latex Traffic Line Paint and Glass Beads for Pavement Marking Material to Sherwin Williams and Award the Bid Diamond Vogel, Lowest Responsible Bidder

RECOMMENDATION/MOTION: That the bid award for White and Yellow High Durability Latex Traffic Line Paint and Glass Beads for Pavement Marking Material to Sherwin Williams, Bloomington, IL, be rescinded and the bid be awarded to Diamond Vogel, Bloomington, IL, for the remainder of FY 2014, in an amount not to exceed \$62,705.50, and the Purchasing Agent be authorized to issue a Purchase Order.

STRATEGIC PLAN LINK: Goal 2. Upgrade City infrastructure and facilities.

STRATEGIC PLAN SIGNIFICANCE: Objective 2a. Better quality roads and sidewalks.

BACKGROUND: At the March 26, 2012 Council Meeting, Public Works Department's Streets and Sewers Division received permission to purchase a new self-propelled traffic line painting machine from E-Z Liner Industries. This machine requires the pavement marking beads to be loaded mechanically and the traffic line paint to be drawn from fifty-five (55) gallon drums. A

bid specification was created which allows for the purchase of traffic line paint to be used not only with the new machine but also with the existing walk behind traffic line painting machines.

Bids received for FY 2013 (last year) – information given for reference only

On July 10, 2012 at 11:00 a.m. bids were opened and read. A total of five (5) bids were received. The five (5) bids are as follows:

Vendor	Traffic Line Paint and Beads
AllStates Coatings Company	\$42,794.90
Ennis Paint	\$61,644.185
Diamond Vogel Paints**	\$78,398.25
Sherwin Williams	\$89,177.35
Don Smith	No Bid

**Recommended – awarded last year

Bids received for FY 2014

On April 23, 2013 at 3:00 p.m. bids were opened and read. A total of three (3) bids were received. The three (3) bids are as follows:

Vendor	Traffic Line Paint and Beads
Diamond Vogel **	\$62,705.50
Ennis Paint	\$57,800.50
Sherwin Williams	\$51,555.00

**Diamond Vogel met all of the bid specifications and delivery needs of the City. Diamond Vogel stores the paint for the City and only requires a twenty-four (24) hour notice for delivery.

Ennis Paint could only delivery in pallets from out of state. Due to the City's limited storage area, this company was unable to meet our needs.

Sherwin Williams did not indicate in their bid that they also delivered in pallets from out of state and needed a thirty (30) day lead time on delivery. Due to the limited City's storage facility, the City cannot accept pallets of paint. This bid was originally awarded to Sherwin Williams at the Council's June 10, 2013 meeting.

The white and yellow high durability traffic line paint and glass beads for pavement marking provided by Diamond Vogel Paints, Bloomington, IL is recommended for the following reasons:

1. The paint specification provided by this vendor meets and/or exceeds the bid specification submitted by staff.
2. This bead specification provided by this vendor meets and/or exceeds the bid specification submitted by staff.

3. This is the lowest price while meeting all of the bid specifications, without exception. The other vendors failed to include the addendum to the bid specification with their bid packet.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: Public notice of the bid was published in the Pantagraph on April 5, 2013. Three (3) bid packages were provided. A total of three (3) bids were received.

FINANCIAL IMPACT: The FY 2014 Budget appropriated \$77,175 for purchase of traffic paint in line item 10016120-71096. The total cost to purchase the paint requested for traffic line paint is \$62,705.50. There are sufficient budgeted funds on hand to pay for the traffic line paint. Stakeholders may locate this purchase in the FY 2014 General Fund Budget document on page #331.

Alderman Stearns acknowledged the paint storage issue. She added her concern regarding the process. She noted that the request was to rescind a bid that had already been awarded. She questioned if the bid specifications included language addressing the storage requirement.

David Hales, City Manager, addressed the Council. He stated that the Council must take action to rescind its previous action to award the bid prior to City staff contacting the vendor.

Alderman Stearns questioned if the vendor understood the bid specifications. Mr. Hales noted that the storage requirement was specified.

Jim Karch, Director – Public Works, addressed the Council. He acknowledged the confusion. City staff believed that the City was working with the local Sherman Williams’ store. Staff has learned that for commercial accounts/bids, a local Sherman Williams’

franchised store is not allowed to bid. Sherman Willams' bid does not meet the specification because it cannot meet the City's storage needs.

Alderman Stearns added that all four (4) bidders were local businesses. She added that the storage was a City requirement.

Mr. Karch closed his comments by informing the Council that the City had worked with Diamond Vogel in the past.

Motion by Alderman Fruin, seconded by Alderman Schmidt that the bid award for White and Yellow High Durability Latex Traffic Line Paint and Glass Beads for Pavement Marking Material to Sherwin Williams, Bloomington, IL, be rescinded and the bid be awarded to Diamond Vogel, Bloomington, IL, for the remainder of FY 2014, in an amount not to exceed \$62,705.50, and the Purchasing Agent be authorized to issue a Purchase Order.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

The following was presented:

SUBJECT: Analysis of the Bids for Repair Market St. Parking Garage

RECOMMENDATION: Recommend that the bid for Market St. Parking Garage Repair be awarded to J. Gill and Co., in the amount of \$414,393, and the Mayor and City Clerk be authorized to execute the necessary documents.

STRATEGIC PLAN LINK: Goal 2. Upgrade City infrastructure and facilities.

STRATEGICE PLAN SIGNIFICANCE: Objective 2d. Well designed, well maintained City facilities emphasizing productivity and customer service.

BACKGROUND: In 2011, staff had a condition report of the Market St. Parking Garage completed by Walker Restoration Consultants, engineering firm. Phase Two of the project was originally bid in 2012. The bids came back too high and were rejected by Council. Phases Two and Three were combined for bid in 2014. Based on the estimate of \$504,000, from the consultant, staff budgeted \$550,000 this year for the recommended repairs. The original estimate from Walker included a new roof for the Post Office housed in the garage. The Post Office roof replacement was removed by staff from this bid and will bid separately in July 2013.

The repair will consist of:

Concrete Floor Repair
 Precast Tee Repair
 Stair Nosing Repair
 Concrete Ceiling Repair
 Concrete Beam Repair
 Concrete Column Repair
 Concrete Wall Repair
 Expansion Joint Repair and Replacement
 Cracks and Joint Repair
 Mechanical – Drainage
 Protective Sealer
 Brick/Masonry Repairs
 Traffic Topping
 Paint Traffic Markings.

The base bid required a one (1) year warranty for labor and material. An alternate for four (4) additional years warranty was also included in the bid. The warranty will cover all material and labor for call back repairs for work completed under the bidding documents.

This work is expected to provide twelve to fifteen, (12 – 15) years of normal parking garage usage before major repairs are needed as long as the maintenance is kept up. A major expense would be \$50,000. or more.

On June 13, 2013, bids were opened and publicly read at City Hall. The bid consists of a base bid for repairing selected areas on all levels of the garage and one (1) alternate. Alternate 1 was for the cost of four (4) additional years of warranty.

WITNESS:

CONTRACTOR

J. Gill And Company

By: _____
Agent for J. Gill And Company.

Mayor Renner introduced this item.

Motion by Alderman Fruin, seconded by Alderman Lower that the bid for Market St. Parking Garage be awarded to J. Gill and Co., in the amount of \$414,393, and the Mayor and City Clerk be authorized to execute the necessary documents.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

The following was presented:

SUBJECT: Acceptance of the Harwood Pl. Street Lighting Study and Recommendation to Replace Existing Street Lights with New Decorative Lights, Budget Approval and Budget Amendment

RECOMMENDATION/MOTION: Recommend that the Harwood Pl. Street Lighting Study and its recommendation be accepted, new black light poles and fixtures be purchased, in the

amount of \$29,962.10, the Purchasing Agent be authorized to issue a Purchase Order, and the Budget Amendment Ordinance passed.

STRATEGIC PLAN LINK: Goal 2. Upgrade City infrastructure and facilities.

STRATEGIC PLAN SIGNIFICANCE: Objective 2.d. By replacing the existing street lights which no longer work, it allows the neighborhood to retain a similar decorative style of lighting while becoming more energy efficient and improving safety both from an electrical hazard and a falling hazard.

BACKGROUND: The twelve (12) existing decorative street lights on Harwood Pl. are no longer operational as of March 18, 2013 when a pole was knocked over and broken. This resulted in failure of the electrical system including a special control transformer. Prior to that event several bulbs had burned out for which replacement bulbs were no longer available. This had prompted a study to assist in deciding the best course of action to deal with an obsolete electrical system along with light poles and concrete bases that have significant deterioration.

The 1923 decorative street lighting system on Harwood Pl. is the same type of street lighting system that was replaced in 2012 on Country Club Pl. as part of the Locust Colton CSO Elimination Phase 1 Construction Project. These old street light systems are wired in series with a type of coaxial wiring that has no ground. They required special 22.8 volt, 6.6 amp incandescent bulbs that are no longer available. In addition, a special button was required to be replaced in the lamp socket each time the bulb burned out. This special single use button allowed the rest of the street lights to stay on after a bulb failed. These buttons are also no longer available.

To help determine what options are available and their approximate costs including a life cycle cost analysis, the Farnsworth Group was retained on January 14, 2013 to study the Harwood Pl. Street Lights. Two (2) public meeting were held at City Hall to obtain residents input regarding the study and possible options. The final report has been provided to the Council. The recommended option is B1 – 10' which is a decorative pole made by Sternberg Lighting, Roselle, IL. This pole is similar to the City standard light pole used on Country Club Pl., in the Downtown, and on Tanner St. The pole is three feet (3') shorter than City standard as recommended by the study. The existing Harwood poles are about ten feet (10') tall. The recommended globe is an acorn style used on Country Club Pl. which is similar to the existing globes on Harwood. The estimated cost for this option is \$94,500 installed.

In an order to restore the street lighting as quickly as possible to this neighborhood, staff recommends that the poles and fixtures be ordered immediately. Lead time for delivery on poles like these can be anywhere from three to four (3 – 4) months. The poles are built to order and the number ordered affects the price per pole. Staff recommends purchasing fourteen (14) poles and globes in order to have replacements on hand. A quote of \$29,962.10 was obtained for fourteen (14) poles and head assemblies. Staff recommends utilizing the 2013 Traffic Signal Maintenance Contract to have the old system removed, new foundations, underground conduit, junction boxes, and wiring installed. Once the new poles arrive, City Electricians can wire the poles and install them on the new concrete bases.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: Two (2) public meetings were held at City Hall regarding the Harwood Pl. Street Lights. The first meeting was held on February 5, 2013 to present an overview of the issues and gather resident input. The second meeting was held on June 18, 2013 to present the report prepared by the Farnsworth Group and obtain feedback on the recommendations presented in the report. A letter providing notice of each meeting was mailed to each property along Harwood Pl. and posted on the City's web site.

FINANCIAL IMPACT: The FY 2014 Budget did not appropriate funds for this project. As mentioned in the background section, staff recommends this issuance of a \$29,962.10 budget amendment in the Engineering Department line item 10016210-71190 (Other Supplies). As a result of the City's bolstered financial position, staff expects the \$29,962.10 will be offset by savings in other line items within the Engineering Department in FY 2014 or the City's fund balance could be used to offset this expenditure. Stakeholders may locate the Engineering Department Budget within the FY 2013 General Fund Budget document on pages #347 and #348.

(EXHIBIT #1 ON FILE IN CLERK'S OFFICE)

Mayor Renner introduced this item.

Alderman Fazzini questioned the cost for a standard street light. He also questioned why the residents of Harwood Pl. were not being asked to absorb this cost.

David Hales, City Manager, addressed the Council. He cited precedent, (i.e. Country Club Pl.). These street lights were replaced as part of the Locust/Colton CSO (Combined Sewer Overflow) elimination and water main replacement, phase 1. There were a few locations in the City with decorative street light poles. He added that some cities establish special street lighting districts to address same. Harwood Pl. street lights had been labeled as a replacement project.

Alderman Fazzini questioned the cost differential.

Jim Karch, Director – Public Works, directed the Council the Harwood Place Street Lighting Study, Summary of Costs which was located on page 11. The new decorative poles were labeled with the letter B. Standard utility poles were labeled with the letter C. The cost for each option was highlighted in the report. He stressed that the City had to replace the infrastructure which supports the poles. There was a cost difference between a new pole versus a decorative pole, up front and ongoing costs

Alderman Fazzini questioned if citizens requested decorative street light poles would they be responsible to cover the cost for same. Mr. Hales noted that the City would have the option of establishing a special service/assessment area to cover the cost differential.

Mr. Karch directed the Council to page 17 of Study. He cited the 100 Year Plan Summary. City had recommended Plan 2. The cost above standard utility street lighting was \$56,292.

Alderman Stearns thanked City staff for their efforts on this item. Harwood Pl. was located in the Founder's Grove Neighborhood. The existing street lighting was unique and special. The City would be replacing historic street lighting. The neighborhood would benefit from this project. She believed that the old street lighting could have been restored.

Motion by Alderman Stearns, seconded by Alderman Fruin that the Harwood Pl. Street Lighting Study and its recommendation be accepted, new light poles and fixtures be purchased, in the amount of \$29,962.10, the Purchasing Agent be authorized to issue a Purchase Order, and the Budget Amendment Ordinance passed.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

The following was presented:

SUBJECT: Customer Service Agreement with Central Illinois Regional Broadband Network, LLC (CIRBN)

RECOMMENDATION/MOTION: That the Customer Service Agreement with CIRBN be approved and the Mayor and City Clerk be authorized to execute the necessary documents.

STRATEGIC PLAN LINK: Goal 1. Financially sound City providing quality basic services.

STRATEGIC PLAN SIGNIFICANCE: Objective 1e. Partnering with others for the most cost effective service delivery.

BACKGROUND: The State of Illinois Department of Central Management Services (CMS) was awarded a federal grant on August 1, 2010 in the amount of \$17.6 million for the planning, design, and construction of a fiber optic network. Illinois State University (ISU) is a sub-recipient of the CMS grant. CIRBN is the fiber optic network which has been constructed by ISU with grant funds. The network is high-speed, (40 billion bits per second). Pursuant to the terms of the grant, only governmental, educational, and non-profit entities may be served by CIRBN. It may be possible for CIRBN to lease excess bandwidth to private Internet providers.

The grant requires all construction to be completed by July 31, 2013, at which time CIRBN, will be responsible for all future administration of the network. CIRBN is already a legal entity. CIRBN has prepared a Customer Service Agreement for those entities who desire to obtain broadband services from it.

Discussion/Analysis

Staff has reviewed the Customer Service Agreement and recommends approval. The agreement will give the City access to the high speed fiber optic system for a monthly charge of \$2,564.35, (\$30,772.26 annually). The City will be able to use a total of 1,168 Mb/sec. It will have fiber optic network access for nine (9) sites at 1 GB/sec per site. The City currently pays \$2,850 per month for considerably slower access. The monthly payment for the CIRBN service is approximately \$286 less than the current high speed service, therefore the City will experience a slight financial savings.

The Town of Normal has entered into a Customer Service Agreement with CIRBN.

The service agreement is for a one (1) year term during which rates may not be increased.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: CIRBN, and Town of Normal.

FINANCIAL IMPACT: The FY 2014 General Fund Budget appropriated \$34,519 for the monthly fees for the purchase of high speed internet in line item 10011610-71340. The annual

fee for this agreement with CIRBN to provide high speed internet access is estimated at \$30,772.20 (\$2,564.35 * 12 months). Stakeholders may locate this purchase in the FY 2014 General Fund Budget document on page #186.

Respectfully submitted for Council consideration.

Scott Sprouls, Director – Information Services, addressed the Council. CIRBN was a ringed network. He informed the Council that representatives of CIRBN were present at the meeting.

STRATEGIC PLAN SIGNIFICANCE: Objective 1e. Partnering with others for the most cost effective service delivery.

BACKGROUND: The State of Illinois Department of Central Management Services (CMS) was awarded a federal grant on August 1, 2010 in the amount of \$17.6 million for the planning, design, and construction of a fiber optic network. Illinois State University (ISU) is a sub-recipient of the CMS grant. CIRBN is the fiber optic network which has been constructed by ISU with grant funds. It may be possible for CIRBN to lease excess bandwidth to private Internet providers.

The grant requires all construction to be completed by July 31, 2013, at which time CIRBN will be responsible for all future administration of the network. CIRBN is already a legal entity.

On August 22, 2012, Articles of Incorporation were filed with the Illinois Secretary of State for CIRBN.

As you know, an LLC is a limited liability company, a legal entity which has many of the same attributes as corporations. Members of the LLC are not liable for acts of the LLC itself. In the event of insolvency, civil judgments, etc., a creditor cannot force the individual members of the LLC to satisfy a debt or judgment out of the assets of the individual member.

“Members” of LLCs are much the same as “directors” of a corporation. Members of CIRBN must be a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code, a governmental unit, or a wholly owned subsidiary of a state or political subdivision. This is consistent with the purposes for which the broadband network was built, (to provide broadband network services to not-for-profit organizations and educational and governmental units).

Currently, CIRBN members are ISU and the Town of Normal. Heartland Community College is also considering joining. It is anticipated that in the future other non-profit organizations will be requested to join as members.

There are pros and cons to joining as a member.

Reasons in favor of joining:

- It gives the City a greater voice in guiding the future mission of CIRBN; e.g., whether CIRBN will hire any full-time employees, the extent to which much or all of the day-to-day activities of CIRBN will be conducted through contracts with third-party service providers, whether CIRBN will have a physical business office, etc. These decisions

will, of necessity, be made in the very near future. If the City declines to join, it will, of course, not have a voice in these decisions.

- As a major customer of CIRBN, the City has an interest in the administration of the network, which it can protect by being a member of CIRBN.
- The City would be a sharing the burden of administering CIRBN with the other governmental, educational, and non-profit entities who are running this organization for the greater good.

Reasons against joining as a member:

- The City is not required join in order to have the benefits of CIRBN as a customer. Declining to join CIRBN avoids diluting the City mission and distracting officials and employees.
- If there are too many governmental members of CIRBN, it raises the possibility of litigation over the applicability of the Open Meetings Act and the Freedom of Information Act, (as pointed out above, it is anticipated that CIRBN will increase the number of private non-profit members in the near future).
- The possibility that CIRBN's business plan is too optimistic, and even though legally the City is not liable for CIRBN expenses if operating costs exceed revenues, there may be political pressure for the City to subsidize CIRBN in order to keep it a going concern.
- Fear of the unknown.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: CIRBN and Town of Normal.

FINANCIAL IMPACT: The background section of the Council memorandum does not indicate any initial membership fees to join CIRBN. Over the past few months, staff has been involved with the coordination and development of plans to use City facilities to support the infrastructure of this venture. In regards to the pros and cons, please refer to the background section. At this time, it is unknown whether there will be a future financial commitment on part of the City.

Respectfully submitted for Council consideration.

Mayor Renner introduced this item.

Alderman Lower questioned projected cost over revenue: annually, at five (5) years, and at ten (10) years.

David Hales, City Manager, addressed the Council. He believed that there would be costs as a member and/or as a nonmember. Cost would be addressed in the Customer Service Agreement. The City would have the ability to impact CIRBN's policies/business practices by becoming a member.

Andrea Ballinger, Illinois State University's (ISU) Associate Vice President – Administrative Technology, Lisa Huson, ISU's General Counsel, Scott Jenung, ISU's Director of CIRBN and Fred Friedrich, CIRBN consultant, were in attendance at the meeting.

Andrea Ballinger, ISU's Associate Vice President – Administrative Technology, addressed the Council. As a member, the City would be involved in CIRBN's management, i.e. the Board would set fees. CIRBN was receiving requests to become a customer. She did not have an answer to Alderman Lower's question at this time.

Alderman Fazzini informed the Council that this item had appeared before the Administration and Finance Committee. This Committee had forwarded this item on to the Council for action. CIRBN would substantially increase the City's capacity. The City should become involved in the leadership of CIRBN and become a part thereof.

Ms. Ballinger informed the Council that CIRBN had a web site. She also addressed bandwidth. The change was described as going from a push pin to large sewage pipe.

Alderman Fruin questioned when CIRBN was established. Ms. Ballinger noted 2009. Alderman Fruin believed that CIRBN would be a huge improvement for the community.

Alderman Sage added that it was nice to see this project come to fruition.

Mr. Hales echoed Alderman Fruin's comments. The City needed to recognize ISU's efforts on this project. The City was in debt to ISU as CIRBN would not have happened without their leadership. He offered his compliments to ISU's staff.

Motion by Alderman Fruin, seconded by Alderman Black that CIRBN membership be approved and the Mayor and City Clerk be authorized to execute the necessary documents.

The Mayor directed the clerk to call the roll which resulted in the following:

Ayes: Aldermen Stearns, Mwilambwe, Schmidt, McDade, Lower, Fazzini, Sage, Fruin and Black.

Nays: None.

Motion carried.

CITY MANAGER'S DISCUSSION: David Hales, City Manager, addressed the Council. He thanked the City staff who were involved in the City's 4th of July celebration. Key departments involved were Parks, Recreation & Cultural Arts, Police and Public Works. The community seemed to enjoy the activities. He noted the work involved.

Mr. Hales invited the Council to attend the Infrastructure Committee's July 15, 2013 meeting at 5:00 p.m. There would a presentation regarding the City's Master Plan for Storm Water and Sanitary Sewers.

MAYOR'S DISCUSSION: Mayor Renner echoed Mr. Hales' comments. He added that compliments had been received regarding the 4th of July activities.

Mayor Renner thanked Mr. Hales and Barb Adkins, Deputy City Manager, for attending the June 7, 2013 Mayoral Open House. The meetings had been held consistently. The discussions had been interesting. He noted that individuals had been treated with respect even though all were not in agreement with each other.

Mayor Renner encouraged the Council to tour the City's Fire Stations.

ALDERMEN'S DISCUSSION: Alderman Fazzini informed the Council that he had toured the Fire Stations.

Alderman Stearns noted that Miller Park looked great on the 4th of July. She recognized the efforts of the City's Parks, Recreation & Cultural Arts and Police Department's staffs.

She questioned the restoration work on the Korean/Vietnam memorial at Miller Park. She had heard that the bid had been received and the cost was lower than anticipated.

David Hales, City Manager, addressed the Council. The City planned to move forward with this work.

John Kennedy, Director – Parks, Recreation & Cultural Arts, addressed the Council. There were two (2) areas of work regarding this project. The names would be painted. This work would be completed in four to six (4 – 6) weeks.

Alderman Stearns questioned if the local veterans groups had been contacted.

Mr. Kennedy presented the Council with a DVD recording of the 4th of July fireworks.

Alderman Lower echoed Mayor Renner and Alderman Stearns' comments regarding the 4th of July celebration. He complimented the South Hill Neighborhood which annually hosts the City's 4th of July celebration.

Alderman McDade informed the Council that she would not be in attendance at the Council's July 22, 2013 meeting.

She added that she had participated in the 4th of July Park to Park Run as did Alderman Fruin.

Motion by Alderman Stearns, seconded by Alderman Sage, that the meeting be adjourned. Time: 7:52 p.m.

Motion carried.
