**OTHERS PRESENT:** Mr. Tom Dabareiner, Community Development Director  
Mr. Kevin Kothe, City Engineer

**CALL TO ORDER:** Chairman Stanczak called the meeting to order at 4:00 P.M.

**ROLL CALL:** Mr. Dabareiner called the roll. A quorum was present.

**PUBLIC COMMENT:** None

**MINUTES:** The Commission reviewed the October 14, 2015 minutes. There being no changes, Mr. Pearson moved to approve the October 14, 2015, minutes. Mr. Scritchlow seconded the motion which passed by a vote of 7-0 with the following votes being cast on roll call: Mr. Balmer-yes; Mr. Scritchlow-yes; Mr. Barnett -yes; Mr. Protzman-yes; Mr. Pearson-yes; Ms. Schubert-yes, Chairman Stanczak-yes.

**REGULAR AGENDA:**

**V-03-15.** Public hearing and review on the petition filed by City of Bloomington, requesting approval to vacate a portion of the public right-of-way of the former Fox Creek Road (Beich Road) alignment.

Chairman Stanczak introduced the case. Mr. Kothe noted that the City is the petitioner. Mr. Kothe identified the location and provided background, noting this was part of a contract related to the acquisition of right of way for Fox Creek Road and Springfield Road realignments. He noted the vacation approval is long overdue and the urgency today is because the property is about to be sold and requires this land. Staff recommends approval of the vacation.

Chairman Stanczak opened the public hearing. No others present indicated a desire to speak in favor or against the petition. Chairman Stanczak closed the public hearing.

Mr. Pearson motioned to approve case V-03-15 to vacate a portion of the public right-of-way of the former Fox Creek Road (Beich Road) alignment. Mr. Barnett seconded the motion, which passed by a vote of 7-0 with the following votes being cast on roll call: Mr. Pearson-yes; Mr. Balmer-yes; Mr. Barnett -yes; Mr. Scritchlow-yes; Mr. Protzman-yes; Ms. Schubert-yes; Chairman Stanczak-yes.

## **OLD BUSINESS**

Chairman Stanczak began discussion on his proposed revisions to the Planning Commission bylaws. He stated that the draft is not intended to be a final document and he does not expect a final decision today, but he seeks comments.

Mr. Pearson indicated he had several changes he would like the group to consider. First, he believes the document should include a list of members with offices held, updated annually. Also, Mr. Pearson wants the bylaws to clarify whether the ex-officio position should be allowed to vote. In addition, he suggested that the Commission adopt the same set of Roberts Rules of Order the City operates under. Finally, Mr. Pearson suggested that elections require a majority of the commission members, rather than merely a majority of commissioners in attendance. After some discussion, it was understood that regular matters of business would continue to require only a simple majority of members in attendance. Mr. Scritchlow suggested modifying the “majority” for the purpose of electing officers to the majority of filled Planning Commissioner positions. Ms. Schubert concurred with this approach.

Mr. Pearson asked about an item in the draft on page 2, Article 3, Section 5, which provides a specific reference to solar power. Chairman Stanczak responded that he incorporated a list of items from state law about planning commissions and he highlighted several he carried over.

There was also consensus on two matters: to clarify that the ex-officio positions should not be allowed to vote; to reference the most recent and newly revised version of Roberts Rules, along with the version used by the City Council.

Chairman Stanczak referred the matter to staff and asked for a draft for official action at the next regular meeting.

## **NEW BUSINESS**

Mr. Dabareiner presented the Planning Commission hearing dates for the calendar year 2016. He noted that three days were added to the submission deadline to provide more time to review applications for completeness prior to publishing for the meeting. There was general discussion about the meeting schedule for the remainder of 2015. Mr. Balmer moved to accept the meeting schedule; seconded by Mr. Barnett, which passed 7-0 with the following votes cast on roll call: Mr. Balmer-yes; Mr. Barnett -yes; Mr. Scritchlow-yes; Mr. Pearson-yes; Mr. Protzman-yes; Ms. Schubert-yes; Chairman Stanczak-yes.

## **ADJOURNMENT**

The meeting was adjourned at 4:31PM.

**ANALYSIS**

Submittals

This report is based on the following documents, which are on file with the Community Development Department:

1. Petition for Zoning Map Amendment
2. Aerial photographs
3. Zoning Map

4. Photographs of adjacent sites

**Project Description**

The petitioner desires to change the existing R-1C, Single-Family Residential District, zoning to a B-1, Business Highway District, zoning.

**Compliance with the Comprehensive Plan**

The intent of the B-1, Highway Business District, is “to provide for (1) retail, service and amusement establishments that primarily serve the needs of highway-oriented traffic; and (2) retail, service and amusement uses that are not suitable in other business districts and can benefit from highway and cross-route traffic significantly” (Section 44.6-20). Rezoning the proposed property to B-1 would allow for expansion of the existing B-1 district enabling future commercial and mixed-use development in the area (2015 Strategic Plan Goal 3: Grow the Local Economy) and would promote the revitalization of older commercial homes (Goal 3, Objective c).

**Nearby Zoning and Land Uses**

The subject property has two adjacent sites to the north and east with B-1 zoning, and the western adjacent property is also seeking rezoning to B-1. The adjacent property uses, such as the automobile repair shop and automobile sales services are compatible with the proposed commercial parking lot and other B-1 uses.

The property is currently used as a single-family dwelling. A single-family dwelling in the B-1 district requires a special use permit. Staff highly encourages the petitioner to consider applying for a special use permit to avoid the creation of any nonconforming uses, if the residential use is to remain. Although the proposed rezone of the existing property could result in the creation of a nonconforming use, rezoning the proposed property at the same time as the eastern adjoining property, 1110 Redwood Ave, will prevent the creation of “spot zoning” in the area.

**FINDINGS OF FACT**

The Zoning Ordinance has “*Zoning Map Amendment Guidelines*” and by states, “*In making its legislative determination to zone or rezone property to a B-1 Highway Business District, the Planning Commission and City Council may apply the following guidelines to the proposal under consideration:*

1. *The relationship of the proposed development to the intended primary market for such goods and services, highway travelers; the proposed property is located within close proximity of Morrissey Drive (Bus 150) and Veterans Parkway (I-55/Historic Route 66) and accessible to the intended primary market, highway travelers.*
2. *The capacity of existing and proposed community facilities and utilities including water, sewer, and transportation systems to serve the permitted uses which lawfully occur on the property so zoned; the capacity of the existing utilities is adequate to serve the new land use associated with the proposed change.*

3. *The potential impact the permitted uses authorized in the district would have upon any existing or permitted uses, especially residential uses in the surrounding area; the property is currently used as a single-family dwelling. By rezoning from R-1C to B-1, the existing use will require a special use permit to avoid the creation of a nonconforming use. If rezoning occurs, staff highly encourages the petitioner to seek a special use permit for the existing property.*
4. *The adequacy of public services, including police and fire protection serving the property and the impact the permitted uses would have upon these services; public services serving the property are adequate for the permitted uses of the proposed rezoning.*
5. *The impact any natural disasters, including flooding, would have upon the permitted uses; the capacity of the existing utilities is adequate to serve the new land use associated with the proposed change.*
6. *The impact the permitted uses would have upon the environment including noise, air, and water pollution; To minimize impact upon the environment, future development will need to comply with adequate drainage, landscaping/screening, etc. as designated in Sections 44.6-40 and 44.7, as well as transitional yard requirements described in Section 44.4-5.*
7. *The conformance of the proposal to the Official Comprehensive Plan and Official Map (Ordinance No. 2006-137) the property adjacent to the west is recognized as a Tier-1 development priority in the City of Bloomington 2035 Comprehensive Plan. Tier-1 calls for infill development of underutilized and/or vacant land. To avoid the creation of a spot zone, the petitioner and the owner of 1110 Redwood Ave are seeking to rezone both properties at the same time.*

**STAFF RECOMMENDATION:**

Since the requested zoning change is compatible with surrounding land uses and zoning, and based on the above findings staff recommends the Planning Commission pass a motion recommending that the City Council rezone the property in Case Z-03-16 located at 1112 Redwood Ave from R-1C to B-1 with the following conditions: 1) the subject property is rezoned at the same time as the neighboring property located at 1110 Redwood Ave; 2) the petitioner considers applying for a special use permit for a single-family residence located at 1112 Redwood to avoid creating a nonconforming use of the subject property 3) future development of business use mindful of neighboring residential districts and adheres to transitional yard requirements and setbacks

Submittals

This report is based on the following documents, which are on file with the Community Development Department:

1. Petition for Zoning Map Amendment
2. Aerial photographs
3. Zoning Map

4. Photographs of adjacent sites

**Project Description**

The petitioner desires to change the R-1C zoning to a B-1 zoning to enable the conversion of the vacant lot located at 1110 Redwood Ave to a commercial parking lot to be used by the adjacent automobile repair service to the north.

**Compliance with the Comprehensive Plan**

The intent of the B-1, Highway Business District, is “to provide for (1) retail, service and amusement establishments that primarily serve the needs of highway-oriented traffic; and (2) retail, service and amusement uses that are not suitable in other business districts and can benefit from highway and cross-route traffic significantly” (Section 44.6-20). Additionally, the proposed rezoning area is recognized as a Tier-1 priority area in the 2035 City of Bloomington Comprehensive Plan, infill development or redevelopment of vacant and underutilized land. Rezoning the proposed property to B-1 would allow for future commercial and mixed-use development in the area. Rezoning of this property would allow for revitalization of older commercial homes (Goal 3, Objective c) as well as retention and growth of current local businesses (Goal 3, Objective a).

**Nearby Zoning and Land Uses**

The property has an adjacent site to the north with B-1 zoning, and the eastern adjacent property is also seeking rezoning to B-1. The uses of the adjacent properties, such as the automobile repair shop and automobile sales services, are compatible with the proposed commercial parking lot as well as other B-1 uses.

**FINDINGS OF FACT**

The Zoning Ordinance has “*Zoning Map Amendment Guidelines*” and by states, “*In making its legislative determination to zone or rezone property to a B-1 Highway Business District, the Planning Commission and City Council may apply the following guidelines to the proposal under consideration:*

1. *The relationship of the proposed development to the intended primary market for such goods and services, highway travelers; the proposed property is located within close proximity of Morrissey Drive (Bus 150) and Veterans Parkway (I-55/Historic Route 66) and accessible to the intended primary market, highway travelers.*
2. *The capacity of existing and proposed community facilities and utilities including water, sewer, and transportation systems to serve the permitted uses which lawfully occur on the property so zoned; the capacity of the existing utilities is adequate to serve the new land use associated with the proposed change, however the existing lot but will require appropriate ingress/egress access prior to being developed.*
3. *The potential impact the permitted uses authorized in the district would have upon any existing or permitted uses, especially residential uses in the surrounding area; the exiting lot abuts a R-1C district to the east and will require adequate buffering, with appropriate*

screening and fencing, between the rezoned B-1 district and residential districts as described in section 44.4-5(3) of the City's Zoning Ordinance.

4. *The adequacy of public services, including police and fire protection serving the property and the impact the permitted uses would have upon these services; public services serving the property are adequate for the permitted uses of the proposed zoning district.*
5. *The impact any natural disasters, including flooding, would have upon the permitted uses the impact of natural disasters, including flooding, upon the permitted uses would be minimal, the petitioner should ensure the property complies with parking lot drainage requirements (44.7-2G.3) before developing the existing vacant site.*
6. *The impact the permitted uses would have upon the environment including noise, air, and water pollution. To minimize impact upon the environment, future development will need to comply with adequate drainage, landscaping/screening, etc. as designated in Sections 44.6-40 and 44.7, as well as transitional yard requirements described in Section 44.4-5.*
7. *The conformance of the proposal to the Official Comprehensive Plan and Official Map (Ordinance No. 2006-137) the property is located in a Tier-1 development priority area identified in the City's 2035 Comprehensive Plan.*

**STAFF RECOMMENDATION:**

Since the requested zoning change is compatible with surrounding land uses and zoning, and based on the above findings staff recommends the Planning Commission pass a motion recommending that the City Council rezone the property in Case Z-02-16 from R-1C, Single-Family Residential District to B-1, Highway Business District, for the property located at 1110 Redwood Ave with the conditions that 1) both properties 1110 Redwood and 1112 Redwood be rezoned at the same time and 2) 1110 Redwood comply with appropriate setbacks, landscaping and fencing/screening requirements, as described in Sections 44.4-5(3), 44.6-40, and 44.7 of the City's Code, for a B-1 district abutting a residential district 3) future development of the property occurs in accordance with the requirements described in the City's Code.

**CITY OF BLOOMINGTON  
REPORT FOR THE PLANNING COMMISSION  
FEBRUARY 10, 2016**

<b>SUBJECT:</b>	<b>TYPE:</b>	<b>SUBMITTED BY:</b>
<b>Adoption of official 2015 Zoning Map</b>	Adoption of the City’s official 2015 Zoning Map	Katie Simpson City Planner

**REQUEST**

Staff is asking the Planning Commission to review and act on the adoption of the City’s official 2015 Zoning Map

**Background**

Adoption of the official zoning map for the preceding calendar year is an annual, routine practice explained in Section 44.5-2 of the City’s Code. The revised official Zoning Map should indicate all changes made during the preceding calendar year.

**Project Description**

The proposed official Zoning Map contains all approved Zoning Map Amendments from the 2015 calendar year.

**Compliance with the Comprehensive Plan**

Adoption of the official 2015 Zoning Map is in accordance with Section 44.5-2 of the City’s Code as well as Goal 6, Objective b of the 2015 Strategic Plan Goals, “City decisions consistent with plans and policies.”

In accordance with the Illinois Municipal Code (65 ILCS 5/11-13-19) the City is required to adopt and publish an official zoning map no later than March 31 each year. The map should clearly show the existing zoning uses, divisions, restrictions, regulations and classifications for the preceding calendar year. In 2015, two properties were rezoned therefore it is necessary for the City to adopt an official zoning map for 2015.

**STAFF RECOMMENDATION:**

Staff recommends the Planning Commission pass a motion recommending that the City Council adopt the official 2015 Zoning Map.

Respectfully submitted,

Katie Simpson  
City Planner
